

STATEMENT OF QUALIFICATIONS
SUBMITTAL FORM
for

Street Rehabilitation

This submittal form will be used to provide information for the unranked service category of **STREET REHABILITATION**, which includes, but is not limited to the following areas of expertise: land surveying, geotechnical investigation, pavement section design, preparation of design plans, utility relocation design, preparation of contract documents and technical specifications, bidding services, construction administration, construction inspection, construction staking and materials testing. In addition to street work, some projects may require special assessment district work, traffic improvement work, electrical engineering, structural engineering, and ADA compliance design.

Firms must demonstrate the ability to perform all design and construction administration with in-house staff under the direction of a Registered Professional Engineer licensed in the State of Nevada. Subconsultants may not be used for any of those items of work, but may be used for survey, testing, geotechnical investigation, traffic engineering or other minor portions of the work.

This form must be completed and submitted according to the guidelines set forth in the "Request for Statement of Qualifications". Any manipulation of this form is forbidden and may result in disqualification.

I. COMPANY INFORMATION

Company Name

Company Address

Office location where work for
this service category will be
performed.

Primary Contact Person
