SER0072621	Service Request - Yard issues on private propertySER0072621	Your map is wrong and would not show the correct address. I'm trying to report my neighbor's yard at 1597 Westfield Avenue, Reno, NV 89509. She has a lot of debris in her backyard like scattered plywood, wood piles, sticks, and metal wire fencing to cover up rat and squirrel holes in her yard next to my fence. Her chicken coop is too close to my fence line and not within city ordinance. She has rat holes throughout her yard. Wood and rocks leaning against the fence I paid for because she would not pay for half of it so I kind of want to take care of it but she is wrecking it. Her free ranging chickens are wrecking it. Rocks leaning against it to cover up holes and the rocks and piles of debris leaning against it have pushed one 4x4 post away from the fence and now it is offset and not aligned correctly. I am really concerned about all of the rats, mice, and ground squirrels coming from her yard and into mine. My house became infested with rats and mice. I have killed so many of them. Her chicken coop is disgusting and she never cleans it or the surroundings. I found a dead chicken that a rat dragged into my yard right along the fence line.
