They're pushing shopping carts over the side. It wouldn't this the problem with pushing them over the side, it's real Rocky there. It's pretty hard to get them. And once all the way at the bottom once, Part way down the hill. And then they did 1 over by North Valley Park. I placed it all the way down the hill, over the rocks in. There. It's kind of a tough place to pick them up and then um, we have, uh, Neighborhood watch."	9400 Sky Vista Pkwy, Reno, NV 89506	Closed	Code Enforcement	2024-09-10 08:45:29	4

SER0064820	Mice Concern-865 Belli DriveSER0064820	<p>Per Email: "Hello, thank you for keeping this anonymous. It was advised to me that I should also inform you guys that we have a mouse infestation in the building.</p> <p>The landlord was informed years ago about the infestation and has never made any effort to assist us with it. The neighbor at the bottom in Unit E has it the worst, and he has a baby. They just recently made their way up to my unit over the summer.</p> <p>About a week prior to the fire, I requested an exterminator and assistance moving drawers because there is feces and mice nests behind the cabinets in my kitchen. It smells. He told me I'm worried about the wrong things and told me I need to buy my own poison and traps and deal with it myself. Few of us in the building do leave out poison and traps, but we can't get inside the walls and cabinets to remove the nests and feces.</p> <p>Im told it could pose health risks to me and my dogs? Along with mice chewing wires and we had that fire about a week after I contacted him about the mice.</p> <p>I'm not sure if it's important to report but I thought I would because I'm advised to by friends and family.</p> <p>Thank you again for keeping me anonymous.
