

C I T Y O F
RENO
Memorandum

DATE: September 2, 2025

TO: Mayor and City Council

THROUGH: Jackie Bryant, City Manager 

FROM: Calli Wilsey, Director of Policy and Strategy
Jason Gortari, Urban Economist

DEPT: Office of Policy and Strategy

SUBJECT: Governor's Office of Economic Development Abatements Overview

The State of Nevada, through the Governor's Office of Economic Development (GOED), provides economic development tax abatement programs to encourage business investment and economic growth. These abatements are finite, and performance based and do not include any up-front cash funds or allocations from local government's budgets. Companies that receive abatements are regularly audited by the Nevada Department of Taxation to ensure they meet the abatement requirements. When the abatement period is over, businesses are obligated to continue paying the full amount of taxes. The City of Reno has no control over whether the abatements are given or in determining the abatement criteria.

GOED's tax abatement programs cater to companies of various sizes and industries based on their level of investment. There are five primary abatement programs:

- Standard Abatements (NRS 360.750 – Established in 2010)
- Recycling Abatements (NRS 360.750 – Established in 2010)
- Aviation Abatements (NRS 360.753 – Established in 2015)
- Data Center Abatements (NRS 360.754 – Established in 2015)
- Large Investment Project Abatements (NRS 360.880 – Established in 2014 & 2015)

Key Findings

This memo summarizes the GOED abatement program and explains how the abatements impact the City of Reno's fiscal standing. While the memo provides a deeper analysis, key findings include:

- **Programs Offered:** GOED runs five main tax abatement programs that reduce certain taxes to attract business investment.

- **Use in Reno:** In the past decade, 49 companies have received abatements in Washoe County, including 33 in the City of Reno. In FY2024, only one new company was awarded an abatement in the county.
- **Who Benefits:** Most Reno abatements have gone to standard and aviation companies. However, one large data center, Apple Inc., in Washoe County accounts for a large share of the total value of abatements.
- **Duration:** Abatements typically last 10 years and can extend to 20 years for certain companies. Companies can decide when to redeem their abatements within the allowed period (up to 10-20 years), which means that even older awards continue to impact Reno's revenues today.
- **Awarded in FY2024:** Only one company (aviation) in Washoe County was awarded an abatement package from GOED in FY2024.
- **Redeemed in FY2024:** Companies redeemed about \$671,000 in GOED abatements on property and sales taxes, directly reducing City revenues by that amount.

A Deeper Dive into GOED's Abatement Programs

Company Application & Compliance Process:

Applications for tax abatements must be submitted exclusively through the appropriate Regional Development Authority (RDA¹); for companies applying in Washoe County, this is the Economic Development Authority of Western Nevada (EDAWN). The RDA provides the latest application forms and assists with completion. Local governments are excluded from the approval process. Once submitted, GOED staff reviews the application for eligibility and conducts an economic analysis to ensure a positive return on investment for the state. The application is then presented at a bi-monthly GOED board meeting where it is approved or denied, and if approved, the company signs a contract with GOED and receives a tax abatement package from the Nevada Department of Taxation. Compliance is regularly audited, and businesses that fail to meet abatement requirements must repay all benefits with interest.

Attached to this memo are two exhibits. Exhibit 1, *Tax Abatements Overview FY2024*, provides a detailed description of each GOED program offered. Exhibit 2, *FY2024 GOED Biennial Report to the Legislature on Abatements from Taxation Pursuant to NRS 231.0685*, lists all companies in the state that have been awarded abatements, organized by county, program, and fiscal year.

¹This is not the City of Reno's redevelopment agency.

Abatement Program Package Summary Notes:

Abatement programs can provide either full or partial incentives depending on factors such as the percentage of the current statewide average wage paid to employees, a GOED Board vote approval, and the level of investment. The table below shows the full abatement incentives available to qualifying companies by program and the requirements to receive them. While GOED programs also offer modified business tax (MBT) abatements, they are not included in this summary because all MBT revenue goes to the State, not local governments. Additionally, criteria for rural counties are also excluded, as Washoe County is classified as an urban location. For more information on partial abatements and all the programs in general please see *Exhibit 1*.

GOED Full Tax Abatement Incentive Package Summary Table:

Program	Eligible Industries /Activities	Full Tax Abatements Offered Impacting Local Government Revenue Sources	Qualifying Requirements for New Companies
Standard Abatements (NRS 360.750)	<ul style="list-style-type: none"> Industrial Manufacturing Other business facilities 	<ul style="list-style-type: none"> •Sales & Use Tax: <ul style="list-style-type: none"> ○ Rate reduced to 2% for a new company and 4.6% for an expanding company. •Personal Property Tax: <ul style="list-style-type: none"> ○ 50% for 10 years. 	<ul style="list-style-type: none"> •Wage Criteria: <ul style="list-style-type: none"> ○ Avg. employee wage \geq 100% of statewide average wage. Abatement’s Impact on the City of Reno

Introduction:

This analysis evaluates the revenue impacts of GOED abatements using data from the FY2024 GOED Biennial Report (GOED Report) and the City of Reno Annual Comprehensive Financial Report (ACFR) for FY2017-FY2024. The GOED Report accounts for personal property tax and sales and use tax abatements awarded by tax source separately, while the City’s ACFR reports tax abatements redeemed.

Most abatement programs expire after 10 years, although data center and large investment abatements can extend up to 20 years depending on the level of investment. Senate Bill 170 (2015) created the data center and aviation abatement programs, and, later that year, the Legislature added the large investment projects program. For comparability, pre-2015 data center abatements are included in the data center category in the tables below.

When companies expand, unredeemed abatements from earlier projects may carry over to new projects, further shaping the long-term fiscal impacts.

In reviewing the next few sections of this memo, it is important to note that there is a difference between awarded and redeemed abatements:

- **Awarded:** These are abatements that have been approved by GOED but have not yet been utilized by the receiving company.
 - For example, Company A submits an application for the abatement program it qualifies for, GOED approves the application, and now those abatements are awarded to Company A for use. This represents the maximum potential impact for all jurisdictions.
- **Redeemed:** Abatements that have not only been awarded by the State but are actually being applied to reduce a company’s tax bill.
 - For example, Company A may be awarded a \$100,000 personal property tax abatement to be used over 10 years. In the first year, the company redeems \$10,000 of that amount to reduce their personal property taxes owed on business equipment that year.

Awarded Abatements - Personal Property Tax:

The table below highlights personal property tax abatements awarded to companies within incorporated Reno over the past ten fiscal years (2015–2024). It focuses on companies within city limits, since personal property tax abatements directly affect revenues from Reno’s property tax rate. It also shows the estimated maximum annual impact on City revenues, calculated using a 10-year average for standard and aviation abatements and a 20-year average for data center abatements. Using averages based on the amount and duration of an awarded abatement provides a reasonable estimate of the annual fiscal impact on City revenue, even though abatements are not always redeemed evenly each year.

Awarded Personal Property Tax Abatement Impacts by Program FY2015-2024*				
Fiscal Year	# of Companies	Total Abatements Awarded (GOED)	Total Estimated Potential Impact to the City of Reno	Estimated Average Annual Potential Impact to the City of Reno
Standard	25	\$4,014,000	\$1,053,000	\$105,000
Aviation	7	\$7,530,000	\$1,975,000	\$197,000
Data Center ¹	1	\$26,404,000	\$6,924,000	\$346,000
Total	33	\$37,948,000	\$9,952,000	\$648,000

**Totals are rounded to the nearest thousandth.*

¹ *The data center facility is in unincorporated Washoe County; however, the company also operates a subsidiary warehouse within the incorporated Reno. This subsidiary presence allows the company to apply its awarded abatements at the Reno location.*

Source: FY2024 GOED Biennial Report to Legislature of Abatements from Taxation Pursuant to NRS 231.0685. - Exhibit 2

Awarded Abatements - Sales and Use Tax:

The table below highlights sales and use tax abatements awarded to companies within Washoe County over the past ten fiscal years (2015–2024). It also presents the estimated annual impact on City revenues, based on a 10-year average for standard and aviation abatements and a 20-year average for data center abatements.

Unlike property tax abatements, which affect only the municipal jurisdiction where a company is located, sales and use tax abatements reduce revenue for all local governments because these revenues are distributed under the Consolidated Tax (C-Tax) formula. In addition, county-level optional sales taxes such as the Railroad Grade Project (ReTRAC) tax and the Local Government Tax Act (1991) tax that would otherwise flow to the City are also diminished by these abatements. Because the analysis must include Washoe County as a whole, more companies affect sales and use tax revenues than personal property tax revenues in the table shown above.

Awarded Sales & Use Tax Abatement Impacts by Program FY2015-2024*				
Fiscal Year	# of Companies	Total Abatements Awarded (GOED)	Total Estimated Potential Impact to the City of Reno	Estimated Average Annual Potential Impact to the City of Reno
Standard	41	\$38,089,000	\$5,218,000	\$522,000
Aviation	7	\$34,777,000	\$4,764,000	\$476,000
Data Center	1	\$28,900,000	\$3,959,000	\$198,000
Total	49	\$101,766,000	\$13,941,000	\$1,196,000

**Totals are rounded to the nearest thousandth.*

Source: FY2024 GOED Biennial Report to Legislature of Abatements from Taxation Pursuant to NRS 231.0685. - Exhibit 2

Awarded Abatements – Summary of Total Annual Estimated Revenue Impact:

Over the past 10 years (and up to 20 years for data centers or large investments), companies have been awarded abatements that, if fully redeemed, would represent an average potential annual revenue impact of about \$648,000 in property tax and \$1,196,000 in sales and use tax for a combined total of \$1,844,000 in forgone revenue based on staff’s analysis.

It is important to note that when a company is awarded an abatement, it does not have to begin redeeming it immediately. Abatements can be used at any time during their authorized period, within the limits of the abatement package. For example, under a standard abatement, if a company waits until the final year to redeem its personal property tax benefit, it could only apply the abatement only up to 50 percent of its tax bill even if unused credits remained, because the program caps the allowable benefit each year.

As shown in the table below, using data from the City’s ACFRs, the actual amounts redeemed vary year by year but tend to align closely with the awarded averages. Since abatement periods extend 10 to 20 years, any abatement award granted today has the potential to impact City revenues for the next decade or longer, depending on the abatement and program type. All abatements awarded from FY2015 through FY2024 could therefore have an impact on FY2024 revenues.

Fiscal Impacts of Redeemed Personal Property Tax and Sales & Use Tax Abatements, City of Reno (ACFR), FY2017–2024

City of Reno Revenue Impacts from Redeemed Personal Property Tax and Sales & Use Tax Abatements by Program					
FY¹	Aviation Abatement (NRS 360.753)	Data Center Abatement (NRS 360.754)	Standard Abatement & Expansions (NRS 360.750 & 360.757)	Large-Scale Project Abatement (NRS 360.965)	Total Annual Impact²
2017	\$42,174	\$47,833	\$2,398,710	\$0	\$2,488,717
2018	\$51,848	\$720,161	\$1,036,445	\$0	\$1,808,454
2019	\$66,223	\$9,608	\$1,649,561	\$0	\$1,725,392
2020	\$97,451	\$60,741	\$1,187,144	\$0	\$1,345,336
2021	\$69,430	\$73,266	\$2,763,572	\$0	\$2,906,268
2022	\$49,796	\$93,739	\$881,902	\$0	\$1,025,437
2023	\$19,038	\$7,319,184	\$575,924	\$0	\$7,914,146
2024	\$51,850	\$286,949	\$332,397	\$44 ³	\$671,240

¹Prior to FY2017, the Governmental Accounting Standards Board (GASB) did not require governments to disclose tax abatement agreements in their financial statements. This changed with the issuance of GASB Statement No. 77, Tax Abatement Disclosures, which aimed to improve financial reporting by providing users with essential information on such agreements, effective beginning in FY2017, and is the reason we are analyzing the past eight fiscal years.

²Companies that failed state audits, were required to repay their abatements, or withdrew their applications after approval are excluded. Additionally, the amounts shown above represent the gross value of abatements awarded and redeemed, providing a comprehensive view of their

scale. They are not adjusted for jurisdiction-specific tax distribution formulas, which would reduce the amount of impact shown.

³The sole data center company qualifies for both data center and large-scale project abatements, with a small portion of its redeemed abatements classified under this category.

Source: City of Reno ACFRs 2017-2024; Governor's Office of Energy abatements are not included.

The Benefits of Tax Abatements for Economic Development

The tax dollars generated by companies attracted through abatements can be difficult to quantify, since they create both direct and indirect benefits. However, the overall impact on a government's tax base can be positive.

Indirect benefits include new jobs and economic activity. When a company builds a new facility, construction jobs are created, and sales and use taxes are generated during the build-out, supporting local government budgets. Long-term operations then provide ongoing employment and spending, while supply chain activity and employee consumption stimulate local businesses. In some cases, new firms can even help form or strengthen industry clusters (e.g., technology, aerospace, renewable energy).

Direct benefits accrue over time before and after the abatements expire. Although abatements often reduce a company's personal property tax liability (on equipment, machinery, etc.), local governments still benefit immediately from real property taxes on new facilities. For example, in tax year 2024, Apple Inc. paid \$4.4 million in real property taxes collectively on its data center in Washoe County and downtown Reno warehouse, none of which were reduced by abatements. Once Apple's abatement period ends, the full value of its personal property taxes will also flow to local governments, further expanding the tax base.

What are Tax Abatements?

State and local governments across the United States use several types of tax incentives to encourage private sector firms to create jobs, invest in communities, and strengthen local industries. Tax abatements are a reduction of taxes granted by a government entity to a company for a specific period to encourage economic development.

Tax abatements are discounts, not a pass for paying taxes. Businesses that receive tax abatements still pay taxes, but at discounted rate.

No money is given to a company — they receive only a discount on their tax obligations.

The State of Nevada, through the Governor's Office of Economic Development (GOED), offers a variety of tax abatements to help qualifying companies make the decision to do business in the state.

State of Nevada Tax Abatements:

State of Nevada Tax Abatements are regulatory abatements, regulated by statute that set criteria for each company to meet to qualify for abatements (wage, job and capital investment requirement, as well as offer health insurance for employees).

Companies receiving abatements are entering into a contract (**Tax Agreement**) with the State. The contract allows a company to receive a predetermined reduction in its tax obligations (**reduced tax payments**) for a certain period of time.

In return, the company is obligated to meet criteria listed in the contract and is audited every 2 and 5 years by the Nevada Department of Taxation. If they are not in compliance with the contract, the company is required to pay abated taxes back in full.

Tax Abatements are granted to companies to **promote economic growth and diversification** by prioritizing firms in industries that drive the competitive advantage, innovation, entrepreneurship productivity, wage gains, and economic diversity.

Tax Abatements Overview

Who Receives Tax Abatements?

Tax Abatements are granted to companies to ***promote economic growth and diversification*** by prioritizing firms in industries that drive regional competitive advantage, innovation, entrepreneurship productivity, wage gains, and economic diversity.

GOED and the Regional Development Authorities (RDA) will work and prioritize those companies that are listed as ***Targeted Industries*** ([NAC 360.474](#)).

NAC 360.474 - Factors to Consider when selecting companies for Tax Abatements:

GOED will consider an application for a partial abatement if the goals of the applicant are consistent with GOED's goals related to industrial development and diversification. GOED's goals, without limitation include:

- (a) Diversification from the industries of gaming and leisure/hospitality.*
- (b) The attraction of basic [export] industries to this State, including, without limitation, manufacturing, warehousing and distribution.*
- (c) The attraction to this State of business facilities and services, including, without limitation, corporate headquarters, facilities for research and development, and facilities for services such as technical assistance with products of the business or credit services;*
- (d) The expansion of existing businesses and industries that are consistent with the goals described in paragraphs (a), (b) and (c).*

➤ Tax abatements are granted to **promote job growth and diversification**

➤ Tax abatements target companies that would not otherwise relocate to Nevada

Tax Abatements Overview

Regional Development Authority (RDA)

An entity defined by Nevada Revised Statutes ([NRS 231.009](#)) as an organization for economic development that is designated by the Executive Director of GOED and is one or more local entities, a private non-profit entity, or any combination thereof.

For the list of current RDA's and their designated regions go to:

<https://goed.nv.gov/regional-development-authorities/>

GOED Board

Chaired by the Governor, The GOED Board provide oversight and approves applications for incentives and tax abatements.

To find more about GOED's Board members visit:

www.goed.nv.gov/board

How to Apply for Tax Abatements?

Applications should be submitted to GOED's office **ONLY** through the appropriate Regional Development Authority (RDA). RDA's will provide an applicant with the most current application and will assist in filling needed information.

Each application is presented to the **GOED Board** at bi-monthly Board Meetings, when members of the board approve or deny applications.

Tax Abatement Application Process:

Application Intake

The company works directly with the RDA to submit a Tax Abatement Application to GOED.

Processing and Analyzing

GOED staff will process the application to determine eligibility and qualifications, as well as perform an economic analysis of qualifying application to confirm positive return on investment to the State.

Board Meeting

Applications are then presented at the Board Meeting and the GOED Board members will approve or deny the application.

Abatement Agreement and Tax Abatement Package

When approved, the company will complete a contract with GOED. After signing the contract, the Nevada Department of Taxation will provide the company a Taxation Abatement Package to utilize received abatements.

For Board Meeting dates and application deadlines go to:

www.goed.nv.gov/Incentives.

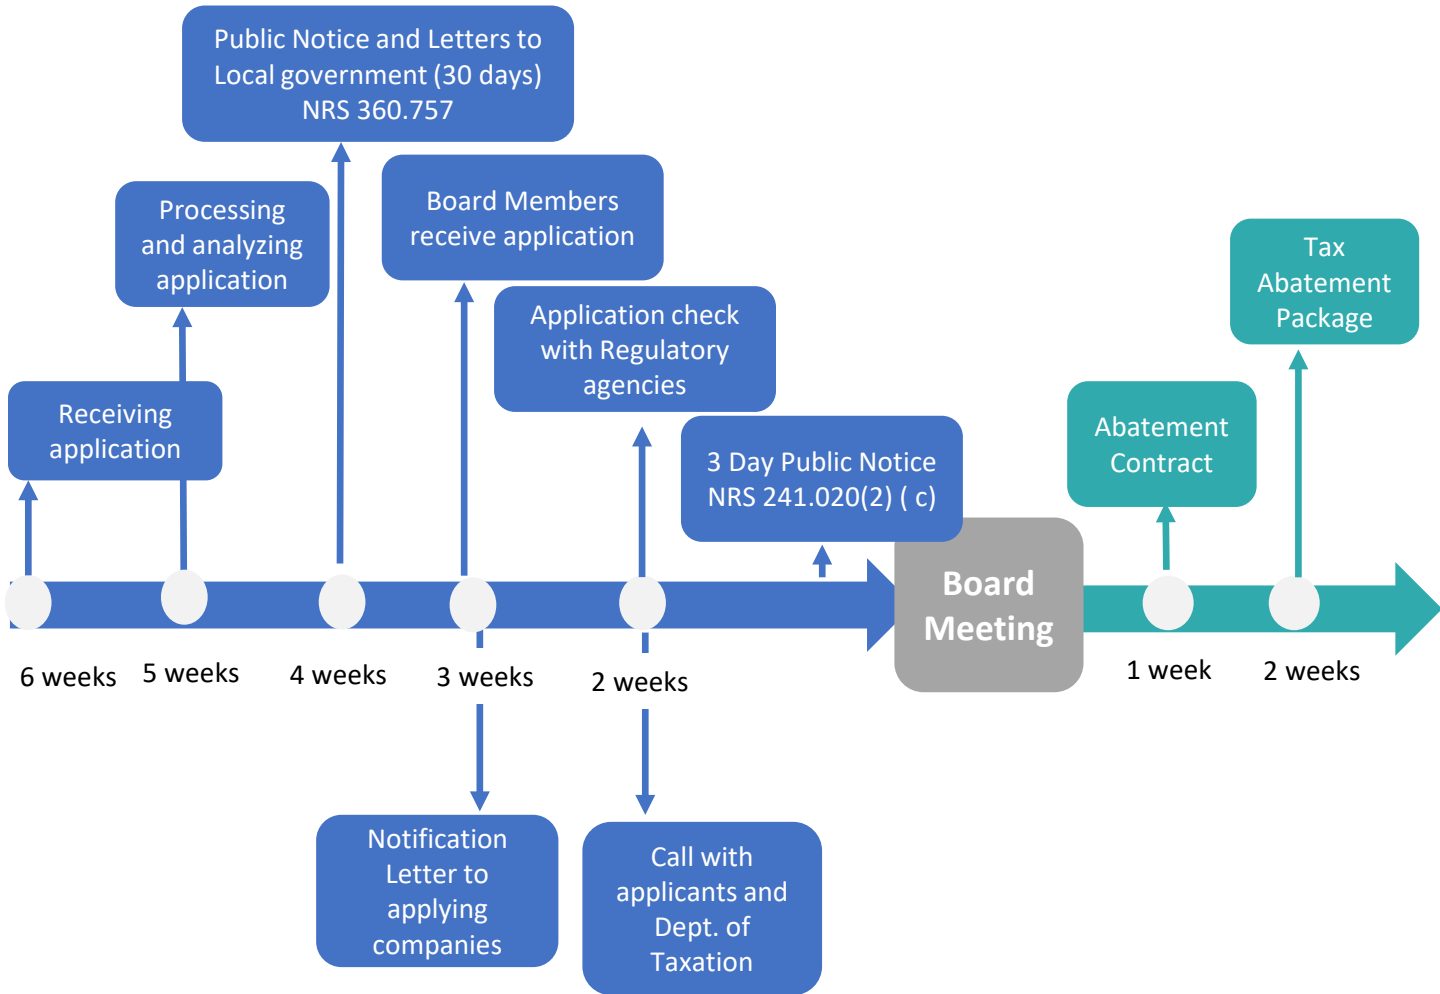

For more information, please contact GOED's Business Development Team:

Melanie Sheldon, Senior Director of Business Development: msheldon@goed.nv.gov

Alex Bacchus, Director of Business Development: abacchus@goed.nv.gov

Tax Abatements Overview

Tax Abatement Application Process - Timeline:

Tax Abatements Overview

Tax Abatement Application Process:

Applications should be submitted to GOED's office ONLY through the appropriate Regional Development Authority (RDA).

Process Timeline – Description of Process:

1. Received Abatement Applications – (6 weeks before Board Meeting)

The RDA will submit applications from the company to GOED staff.

2. Processing and Analyzing Applications – (5 weeks before the Board Meeting)

GOED staff will determine the application qualification and will work with the RDA to collect any additional documents needed. GOED staff will also calculate the estimated abatement amount, as well as fiscal and economic impact of the application. This can take up to two weeks.

3. Public Notice/Notification Letters to Local Governments – (4 weeks before Board Meeting)

GOED staff will post the 30-day Notice for General Public and notify the applicable local governments (County, City and School District) about abatements by mail 30 days prior to the Board Meeting. (*NRS 360.757*)

4. Letter to Abatement Applicants – (3 weeks before Board Meeting)

GOED staff will prepare notification letter to applying companies to let them know their applications will be presented and considered at the upcoming Board Meeting by certified mail. (*NRS 241.034*)

5. Pre-calls with Abatement Applicants and DOT – (2 weeks prior to Board Meeting)

GOED staff will e-mail prepared applications to appropriate entities for a final review. They will then schedule a pre-call meeting with company representatives, RDA representatives, and the Nevada Department of Taxation to go over details of the upcoming Board Meeting and what to expect if the application is approved.

6. Abatement Applications Review by State Regulatory Agencies – (2 weeks prior to Board Meeting)

GOED will review the submitted applications with regulators at the Nevada Department of Business & Industry, the Nevada Department of Conservation & Natural Resources, the Nevada Department of Taxation, and the Nevada Secretary of State Office to identify any regulatory issues and resolve them prior to the Board Meeting.

Tax Abatements Overview

Tax Abatement Application Process Continued:

7. **Open Meeting Law Posting Notice** – (3 days prior to Board Meeting)

Three business days prior to the Board Meeting, GOED will post the Board Meeting materials to both the GOED and state websites. They will also send an Agenda to counties, RDA's and school districts for posting. ([NRS 241.020\(2\)\(c\)](#))

----- BOARD MEETING -----

8. **Prepare Abatement Agreement/Contract** – (1 week after the Board Meeting)

The GOED staff will prepare an Abatement Contract to be signed between GOED and the company receiving the tax abatement.

9. **Taxation Abatement Package** – (2 – 3 weeks after the Board Meeting)

The executed Abatement Contract will be sent to the Nevada Department of Taxation and relevant County Assessor's offices. The Nevada Department of Taxation and Assessor's Office will then issue the completed Abatement Package to the company.

Confidentiality of Records and Documents:

When a company submits an application, they can request a confidentiality agreement for certain categories and parts of application ([NRS 231.065](#)).

The confidentiality agreement must be approved by GOED's Executive Director. The Executive Director can determine if certain parts of an application (detailed schedule of equipment list or detailed schedule of employment list) is proprietary information of the business and should not be public record.

Tax Abatements Overview

Tax Abatement Agreement, Audit Process and Reporting:

Once the Abatement Application is approved, 5 to 7 business days after the Board Meeting GOED staff will prepare and send an Abatement Contract to the approved company.

Abatement Contract/Agreement: Sets forth contractual terms and requirements for grant of tax abatements:

1. **ABATEMENT AGREEMENT TERMS** – The company will agree that approved abatements are conditioned by terms and requirements listed in the signed agreement;
2. **COMPLIANCE AUDIT** – The company will provide the Nevada Department of Taxation with access to the books, records, files and other material needed for the department to carry out abatement compliance audits every 2 and 5 years to monitor and verify the Company's compliance within the terms of signed agreement.
3. **RECAPTURE PROVISIONS** - If GOED, in consultation with the Nevada Department of Taxation, decides the company has failed to comply with the requirements of signed agreement, the company shall repay all granted abatements in full.

Once the Abatement Contract/Agreement is executed between GOED and Company, the Nevada Department of Taxation will receive it, and based on the contract they will issue the Taxation Abatement Package.

Taxation Abatement Package:

The Nevada Department of Taxation will provide the company with a packet that will include exemption letters and reporting forms "Abatement Returns".

The company will have to submit these Abatement Returns to the Nevada Department of Taxation as follows:

- Sales and Use Tax (SUT) Abatement Return – *Monthly*
- Modify Business Tax (MBT) Abatement Return – *Quarterly*
- Personal Property Tax (PPT) Abatement Return – *Annually*

Abatement Audit:

The Nevada Department of Taxation performs an Abatement Compliance Audit every 2 and 5 years from the effective date of Abatement Contract. ([NRS 360.755](#) , [NRS 360.225](#))

Reporting:

GOED prepares and submits a Biennial Report that includes abatements and audit results to the Nevada Legislature. The report will show all abatements awarded by GOED and the Audit Compliance Results. ([NRS 231.0685](#))

Tax Abatements Overview

State of Nevada Tax Abatements:

The State/GOED offers **Standard Tax Abatements** that include *sales and use tax abatements* on capital equipment purchases, *sales and use tax deferral* on capital equipment purchases, *abatements on personal property and modified business taxes*, *real property tax abatements for recycling*, as well as **abatements on aviation parts** and **data centers**.

Standard Abatements ([NRS 360.750](#))

- **Sales and Use Tax Abatement** (*NRS 374.357*) - Sales and use tax abatement on qualified capital equipment purchases, with reductions in the rate to as low as 2%.
- **Modified Business Tax Abatement** (*NRS 363B.120*) - An abatement of 50% of the 1.17% rate on quarterly wages exceeding \$50,000.
- **Personal Property Tax Abatement** (*NRS 361.0687*) - An abatement on personal property not to exceed 50% over a maximum of 10 years.
- **Real Property Tax Abatement for Recycling** (*NRS 701A.210*) - Up to 50% abatement for up to 10 years on real and personal property for qualified recycling businesses.

Data Center Abatement ([NRS 360.754](#)) - A partial abatement from personal property tax and sales and use tax are available to data center companies that locate or expand their business in Nevada. Abatements apply to colocated businesses of the data center.

Aviation Parts Abatement ([NRS 360.753](#)) - Partial abatements from Personal Property and Sales & Use Taxes are available to aviation companies that locate or expand their business in Nevada.

New: Paid Family and Medical Leave Requirements effective October 1, 2023
(Pursuant to SB1 – 35th Special Session, 2023)

For all incentive applications received after October 1, 2023, the company must meet certain paid family and medical leave requirements to receive an abatement. These requirements state that any business with 50 or more full-time employees on payroll by the 8th calendar quarter following the quarter in which the abatement becomes effective must have a policy for paid family and medical leave agreeing that all employees who have been employed by the business for at least 1 year will be eligible for at least 12 weeks of paid family and medical leave per year, at a rate of at least 55 percent of the regular wage of the employee.

Tax Abatements Overview

Standard Tax Abatements ([NRS 360.750](#)):

Standard Tax Abatements that include sales and use tax abatements on capital equipment purchases, sales and use tax deferral on capital equipment purchases, abatements on personal property and modified business taxes, real property tax abatements for recycling:

<i>Sales and Use Tax Abatement (SUT)</i>	Abatement on qualified capital equipment purchases, with reductions in the rate to as low as 2%.
<i>Modified Business Tax Abatement (MBT)</i>	Abatement of up to 50% of the 1.17% rate on quarterly wages exceeding \$50,000.
<i>Personal Property Tax Abatement (PPT)</i>	Abatement on personal property not to exceed 50% over a maximum of 10 years.
<i>Real Property Tax Abatement for Recycling (RPT)</i>	Up to 50% abatement for up to 10 years on real and personal property for qualified recycling businesses.

Qualifying Criteria for Tax Abatements:

To qualify for Standard Tax Abatements a company needs to meet **two out of three criteria**:

- Average Wage (Statewide Average Wage) – **must meet average wage*
- Capital Investment **OR**
- Number of Primary Jobs Created

Additionally, the company has to offer **medical insurance plan** and pay *at least 65% of the plan's premium costs* .

Company Responsibilities:

- Maintain the Business in Nevada for 5 years
- Register Pursuant to the Laws of Nevada
- Generate More than 50% of Revenue from the Project from Outside of the State

*Note: For the most current statewide average wage visit: <https://nevadaworkforce.com/>.

Tax Abatements Overview

Standard Tax Abatements – Full vs Partial Tax Abatements:

Based on the wage criteria, a company can qualify for a **Full Tax Abatement** or **Partial Tax Abatement** package.

If a company meets the wage requirement and pays 100% or more of statewide average wage – they will qualify for Full Tax Abatement.

However, if company is paying 85% - 99% of the statewide average wage, then a company will qualify for a Partial Tax Abatement package.

Wage Requirement:	100% of Statewide Average Wage	85—99% of Statewide Average Wage
	Full Tax Abatements:	Partial Tax Abatements:
SUT Abatement	Rate reduced to 2% for new company and 4.6% for expanding company	Rate reduced to 4.6% for new and expanding company
MBT Abatement	abatement of 50% for 4 years	abatement of 25% for 4 years
PPT Abatement	abatement of 50% for 10 years	abatement of 25% for 10 years

Standard Tax Abatements – Urban vs Rural County Criteria:

Additionally, depending on the county in Nevada where company will be locating or expanding its operations, a different qualifying criteria will be applied between Rural and Urban county for Tax Abatements.

	Urban County	Rural County	Expansion
Capital Investment	\$5 million for manufacturing \$1 million for other industries	\$1 million for manufacturing \$250,000 for other industries	20% of the value of the company's tangible personal property
Number of Jobs	50 or more FTE (No abatements if less than 10 FT jobs are created)	10 or more FTE (No abatements if less than 6 FT jobs are created)	10% or more than its existing employee count or by 25 (urban) or 6 (rural) employees, whichever is greater

Tax Abatements Overview

Data Center Tax Abatement ([NRS 360.754](#)):

A partial abatement from personal property tax and sales and use tax are available to data center companies that locate or expand their business in Nevada. Abatements apply to collocated businesses of the data center.

A company and co-located tenants who intend to locate or expand a data center in Nevada and meets certain requirements may qualify for:

- Personal property tax abatement of 75% of the tax due for 10 or 20 years
- Sales and use tax abatement reducing the rate to 2% for 10 or 20 years

Requires the Governor's Office of Economic Development Board to approve a reduction to 2% by a two-thirds vote. If this is not approved, the abatement will be reduced to 4.6%

The company must meet all three requirements within the first 5 years of operation listed below:

10-year Abatements:

- Jobs: Within 5 years employ 10 full-time employees who are Nevada residents
- Wages: Pay at least 100% of the Statewide Average Wage
- Capital Investment: Within 5 years, invest at least \$25 million in cumulative capital expenditures between the applicant and tenants

20-year Abatements:

- Jobs: Within 5 years employ 50 full-time employees who are Nevada residents
- Wages: Pay at least 100% of the Statewide Average Wage
- Capital Investment: Within 5 years, invest at least \$100 million in cumulative capital expenditures between the applicant and tenants

Co-Located Tenants Must:

- Enter into a minimum two-year agreement with the applicant to use or occupy space at the data center
- Obtain a business license issued by the Secretary of State

Company Must:

- Register pursuant to the laws of Nevada and maintain business for 10 years
- Offer medical insurance plan and pay at least 65% of the plan's premium costs
- Ensure that 50% or more of all workers engaged in construction of the data center are Nevada residents

Tax Abatement Overview

Aviation Parts Tax Abatement ([NRS 360.753](#)):

Companies meeting requirements that include owning, operating, maintaining, servicing, testing, repairing, overhauling, or assembling an aircraft or any component of an aircraft may qualify for:

- Personal property tax abatement of 50% of the tax due for 10 years
- Sales and use tax abatement reducing the rate to 2% for 10 years

Requires the Governor's Office of Economic Development Board to approve a reduction to 2% by a two-thirds vote. If this is not approved, the abatement will be reduced to 4.6%

New Companies Must:

- Create **5 or more new full-time jobs** within one year

In addition to the above requirements the company must meet 1 of the following criteria:

- Make a new capital investment of at least \$250,000 within 1 year
- Maintain and possess in this State tangible personal property of not less than \$5,000,000
- Pay an average wage of at least 100% of the statewide average wage
- The business develops, refines or owns a patent or other intellectual property, or has
- been issued a FAA certificate (14 CFR Part 21)

Existing Companies Must:

- Within 1 year Increase the number of full-time employees **by 3% or 3**, whichever is greater

In addition to the above requirements the company must meet 1 of the following criteria:

- Make a new capital investment of at least \$250,000 within 1 year
- Maintain and possess in this State tangible personal property of not less than \$5,000,000
- Pay an average wage of at least 100% of the statewide average wage
- The business develops, refines or owns a patent or other intellectual property, or has
- been issued a FAA certificate (14 CFR Part 21)

Additional Requirements:

- Maintain the business in Nevada for 5 years
- Register pursuant to the laws of Nevada
- Offer medical insurance plan and pay at least 65% of the plan's premium costs

Tax Abatements Overview

Explanation of Main Terms Related to Tax Abatements:

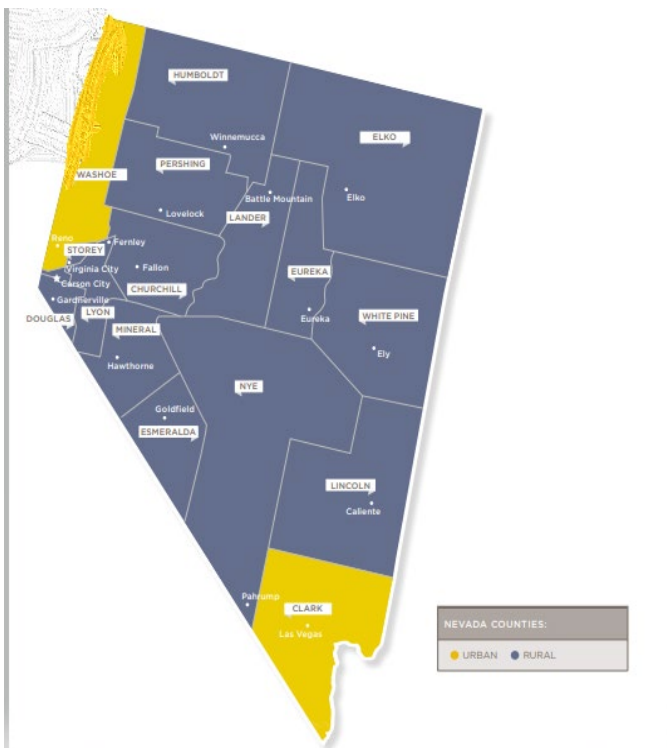

The Statewide Average Hourly Wage - is determined by the Nevada Department of Employment and Rehabilitation (DETR) and changes on July 1 of every year <https://www.nevadaworkforce.com>.

Primary Jobs ([NAC 231.363](#)) means a permanent position of employment at a physical location of a certified entity in this State if:

1. The employee filling that position works an average of at least 30 hours per week; and
2. Not less than half of the revenue generated at that location is derived from exports to locations outside of this State.

Urban And Rural Counties in Nevada ([NRS 360.750](#))

- **Urban Area** — A county whose population is 100,000 or more, or a city whose population is 60,000 or more.
- **Rural Area** — A county whose population is less than 100,000 or a city whose population is 60,000 or less that is located within the geographic boundaries of an area that is designated as rural by the United States Department of Agriculture and at least 20 miles outside of the geographic boundaries of an area designated as urban by the United States Department of Agriculture.

Urban Counties:

- Clark County
- Washoe County

Rural Counties:

- Carson City
- Churchill County
- Douglas County
- Elko County
- Esmeralda County
- Eureka County
- Humboldt County
- Lander County
- Lincoln County
- Lyon County
- Mineral County
- Nye county
- Pershing County
- Storey County
- White Pine County

Tax Abatements Overview

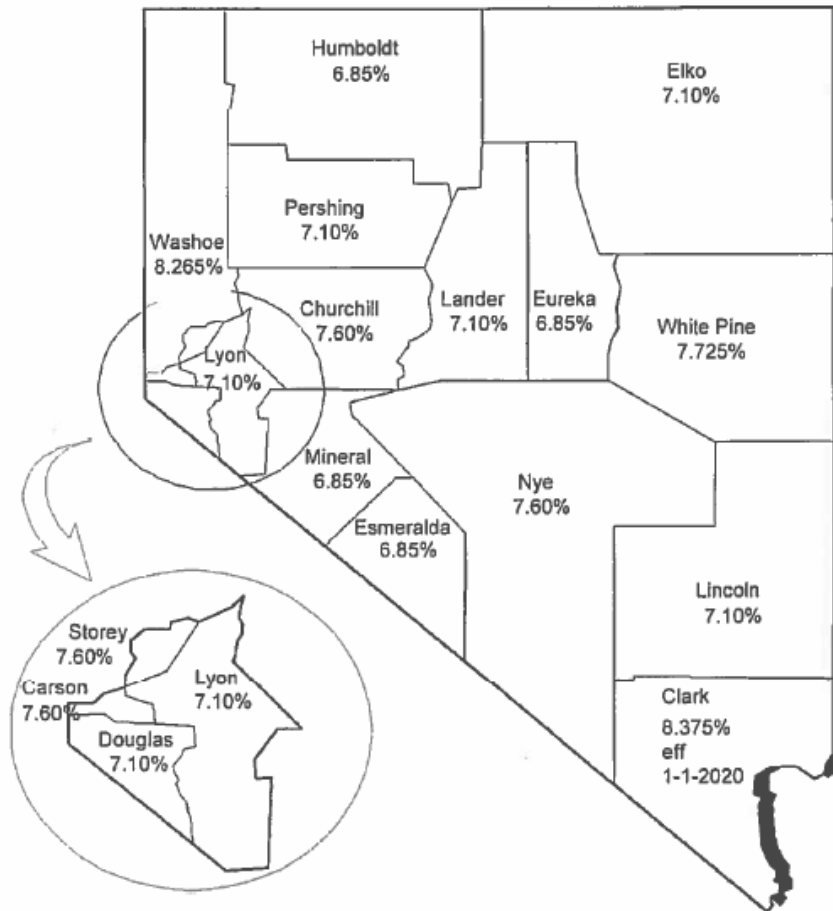

Explanation of Main Taxes in Nevada

Sales and Use Tax in Nevada:

Nevada sales tax, local school support tax, and city/county relief tax are imposed on retailers for the privilege of selling tangible personal property at retail.

Sales tax is measured by gross receipts from retail sales. Use tax is measured by the sales price of the property. "Gross receipts" and "sales price" means the total amount of the sale including all receipts, cash, credits, barter or service.

Use tax is imposed upon the storage, use or other consumption in this State of tangible personal property purchased from a retailer. Use tax is not imposed when the sale of the property to the consumer is subject to the sales tax. For the most part, use tax rather than sales tax applies to property purchased outside Nevada, without tax, for transfer, delivery or shipment to a consumer located in Nevada (https://tax.nv.gov/Forms/Sales_Use_Tax_Forms/).

Tax Abatements Overview

Explanation of Main Taxes in Nevada

Modified Business Tax in Nevada:

Every employer who is subject to Nevada Unemployment Compensation Law (NRS 612) is also subject to the **Modified Business Tax on total gross wages less employee health care benefits paid by the employer.**

Total gross wages are the total amount of all gross wages and reported tips paid for a calendar quarter as reported to the Employment Security Division on form NUCS 4072. (Exceptions to this are non-profit organizations, Indian Tribes, political subdivisions, and employers with household employees only [https://tax.nv.gov/Forms/Modified Business Tax Forms/](https://tax.nv.gov/Forms/Modified_Business_Tax_Forms/)).

Modified Business Tax has two classifications:

➤ General Business:

The tax rate for most General Business employers, as opposed to Financial Institutions, is 1.17% on wages after deduction of health benefits paid by the employer and certain wages paid to qualified veterans. However, the first \$50,000 of gross wages is not taxable.

For example:

if the sum of all wages for the 9/15 quarter is \$101,000 after health care and qualified veteran wage deductions, the tax is \$596.70 ($\$101,000 - \$50,000 = \$51,000 \times 0.0117$).

A tax return will still need to be filed by all employers, even if the taxable wages are less than \$50,000 and tax due is \$0.

➤ Financial Institution:

The tax rate for financial institutions is 1.554% on the gross wages less employee health care benefits paid by the employer and certain wages paid to qualified veterans. Financial institutions are not provided the wage exemption afforded to general businesses and must report and pay tax at the 1.544% rate on all wages less the deductions.

What entities qualify as Financial Institutions? For definition and detailed information check [\(NRS 363A.050\)](#).

Tax Abatements Overview

Explanation of Personal Property vs Real Property

Property Taxes in Nevada:

Personal Property is defined in [NRS 361.030](#) and includes “all property of whatever kind or nature, except vehicles as defined in [NRS 371.020](#), not included in the term “real estate.”

“**Real Estate**” or “**Real Property**” is defined in [NRS 361.035](#), and includes land, houses, buildings, fences, ditches, structures, railroads, other improvements, and property rights.

Real property is further defined in [NAC 361.11715](#) as land, fixtures, improvements; on-site enhancements; and any rights, interests, benefits and privileges belonging or attached to the land

To compute the property taxes for a particular parcel of property, simply multiply the assessed valuation by your county’s tax rate as shown in the following example.

$$\text{Taxable Value X 35\%} = \text{Assessed Value X Tax Rate} = \text{Property Taxes Due}$$

Personal Property Taxes are calculated in the same manner as real property and are subject to the same caps as real property.

The taxable values of personal property are calculated by the assessor using the depreciation schedules adopted annually by the Tax Commission. Upon determination of the assessed value, the assessor applies the applicable tax district’s combined property tax rate to the assessed value.

Taxpayers with taxable personal property are required to declare the property to the assessor each year. Business taxpayers must complete a declaration form, available at the assessor’s office, upon starting a new business.

The assessor’s office will mail a declaration form to each business annually, after the initial filing. Business taxpayers must declare all additions and deletions in personal property annually.

January 15, 2025

The Honorable Joe Lombardo
Office of the Governor
One Hundred One North Carson Street
Carson City, Nevada 89701

Mr. Nicolas Anthony, Director
Legislative Counsel Bureau
401 South Carson Street
Carson City, Nevada 89701

Dear Honorable Governor Lombardo and Director Anthony:

**Re: GOED Biennial Report to Legislature of Abatements from Taxation
Pursuant to NRS 231.0685**

The Governor's Office of Economic Development (GOED), pursuant to NRS 231.0685, submits this Biennial report to the Legislature. This report concerns abatements from taxation approved by the office pursuant to NRS 274.310, 274.320, 274.330, 360.750, 360.752, 360.753, 360.754. While state law requires this report cover the fiscal years which are three and six fiscal years immediately preceding the submission of the report, or fiscal years 2012 and 2015, respectively, GOED, in an effort to provide the legislature with additional information, is including fiscal year reports covering all 14 fiscal years from 2010 through 2024.

The attached reports address expanded criteria based on changes to state law enacted during the 2015 legislative session requested by the legislature including but not limited to:

1. The dollar amount of the abatement;
2. The location of the business for which the abatement was approved;
3. The value of infrastructure included as an incentive for the business; (none approved)
4. If applicable, the number of employees that the business for which the abatement was approved employs or will employ;

5. Whether the business for which the abatement was approved is a new business or an existing business;
6. The economic sector in which the business operates, the number of primary jobs related to the business, the average wage paid to employees of the business and the assessed values of personal property and real property of the business; and
7. Any information concerning whether the business for which the abatement was approved participates or has participated in a program of workforce development, as defined in NRS 231.146, implemented by the Executive Director (Faraday Future was approved for a workforce training program pursuant to NRS 231.146).

If further information is required, please contact me, or Melanie Sheldon, Senior Director of Business Development, GOED, at your convenience.

Respectfully yours,

A handwritten signature in blue ink, appearing to read "Steve Scheetz", with a long horizontal flourish extending to the right.

Steve Scheetz
Research Manager
GOED

- Compliance Rate: **87%**
- Recaptured Rate: **97%**

*Metrics apply to standard abatements of active, compliant companies only. They do not include companies approved for NRS 360.753, NRS 360.754, NRS 360.880, NRS 360.900 abatements.

Notes: All job totals apply to jobs creation in the first two years of operation. This does not include jobs added in later years or construction jobs.

Definitions:

Compliance Rate – number of companies that are complying over total number of companies that were non-compliant or withdrew.

Recapture Rate – number of non-companies that paid back, with interest, full taxes that were abated.

Introduction

This report covers the period from 2010 to 2020 and shows the Economic Development abatement programs administered by the Nevada Governor's Office of Economic Development.

Business abatements / incentives widely vary between each state and can comprise, but are not limited to, tax credits, tax abatements, grants, upfront cash payments, deal closing funds, and real property subsidies or gifts. Most states offer a mix of statutory and discretionary incentive programs. Nevada is relatively unique in that it offers an entirely **statutory** Tax Abatement program (NRS 360.750). Tax abatements are a reduction of taxes granted by a government entity to a company for a specific period of time to encourage economic development. These abatements are finite and performance based. The abatement program does not include any up-front cash funds or allocations from the state budget.

A company receiving a tax abatement enters into an agreement (a contract) with the state. Each contract allows a company to receive a predetermined reduction in its tax obligations (reduced tax payments) for a certain period of time. In return, the company receiving the abatement is obligated to invest a significant amount of capital into the economy, invest in people and training by creating new jobs and paying wages and benefits to those workers. Companies that receive abatements are regularly audited by the Department of Taxation to ensure they meet the abatement requirements. When the abatement period is over, businesses are obligated to continue paying the full amount of taxes.

For recent evaluation, undertaken by GOED, please visit: <https://goed.nv.gov/wp-content/uploads/2020/12/TaxAbatementAnalysisnew1.pdf>

Ongoing Program Objectives

- Ensuring the abatement programs are doing what they were designed to and being clear and intentional about this i.e., create jobs, assist distressed communities, support growth of a specific industry sector
- Continual evaluation and review to ensure incentives support the state's economic development programs meet the current economic needs
- Clearly demonstrating value and accountability to the citizens of Nevada
- If program objective needs to be reviewed what revisions are required?

2011

Unemployment Rate	13.1% as of July 2011
Statewide Average Hourly Wage	\$19.93
Economic Overview	Nevada is leading the country in unemployment and, foreclosure filings. The share of homes are worth less than the mortgages on them

Legislative Changes to Abatement Program (2011 Legislative Session)

The Nevada Governor's Office of Economic Development GOED was Created during the 2011 session of the Nevada Legislature, and is the result of a collaborative effort between the Nevada Legislature and the Governor's Office to restructure economic development in the state. GOED's role is to promote a robust, diversified, and prosperous economy in Nevada, to stimulate business expansion and retention, encourage entrepreneurial enterprise, attract new businesses, and facilitate community development.

A.B. 449 (Chapter 507)

- Enacts various provisions relating to economic development. The bill creates an Advisory Council on Economic Development and a Board of Economic Development, and it prescribes the composition and duties of both entities. It also creates an Office of Economic Development, headed by an Executive Director, within the Office of the Governor, and eliminates the Commission on Economic Development. The bill includes a requirement that a State Plan for Economic Development be developed
- Assembly Bill 449 also makes changes to tax abatements. It requires the recipients of certain abatements to repay the abated taxes if the recipients no longer meet the eligibility requirements

2013

Unemployment Rate	9.6% as of July 2013
Statewide Average Hourly Wage	\$20.10
Economic Overview	<p>Nevada's economy is anticipated to improve. However, the state still faces hurdles in real estate, finance, and tourism. Nevada had the highest rate of underwater homeowners in the first quarter. About 45 percent of residents had mortgage debt that outweighed their homes' value</p>

Legislative Changes to Abatement Program (2013 Legislative Session)

A.B. 61 (Chapter 112) made various changes relating to economic development, including:

- Specifying when certain abatements must be approved either by the Executive Director of the Office of Economic Development or the Board of Economic Development
- Revising the composition of the Board of Economic Development to include the Director of the Department of Employment, Training and Rehabilitation (DETR)
- Specifying that only counties or incorporated cities may apply for grants or loans from the Catalyst Fund

2015

Unemployment Rate	6.7% as of July 2015
Statewide Average Hourly Wage	\$20.62
Economic Overview	In late 2015, improvement were seen and Las Vegas passed its previous employment peak

Legislative Changes to Abatement Program (2015 Legislative Session)

Nevada's economy is demonstrating vast improvements. The abatement criteria is amended to as per SB 74 and the Data Center and Aviation abatements are introduced for the purposes of Nevada's competitiveness with surrounding states and the desire to grow these industries in Nevada.

S.B. 74 (Chapter 227) Senate Bill 74

- Changes requirements applicable to businesses applying for a partial abatement of certain taxes. To be eligible for a partial abatement, a business must offer primary jobs and meet certain employment requirements within a period of two years. The bill also limits the availability and amount of abatements based on the rate of unemployment in the county and the average hourly wage paid by the business to its new employees

S.B. 170 (Chapter 498) Senate Bill 170

- Authorizes a partial abatement of personal property taxes and local sales and use taxes to a qualified data center that locates or expands in this State and any co-located businesses within a qualified data center

Assembly Bill 161

- Assembly Bill 161 authorizes a partial abatement of taxes for up to 20 years for certain qualified new and existing businesses that own, operate, manufacture, service, maintain, test, repair, overhaul, or assemble an aircraft or any component of an aircraft

2016

Unemployment Rate	5.6% as of July 2016
Statewide Average Hourly Wage	\$20.89
Economic Overview	Nevada's economy grew in 13 consecutive quarters (as reported in January 2017). Further, the State's economic growth exceeded the national average in each of the past three quarters. During the third quarter, Nevada's economy grew at 1.7 percent, compared to 1.6 percent in the nation as a whole

2017

Unemployment Rate	5.0% as of July 2017
Statewide Average Hourly Wage	\$21.35
Economic Overview	In early 2017, Reno-Sparks regained all the jobs it lost and passed its pre-recessionary peak totals

Legislative Changes to Abatement Program (2017 Legislative Session)

Due to the Economic improvements seen over the recent 18 months, the abatement wage criteria was amended as follows:

If the unemployment rate of a county is under 7%:

- Companies must pay 100% of the Statewide average wage, as set by DETR on July 1 of each fiscal year, to qualify for standard abatements
- Companies paying 85% to 99% of the lesser of the Statewide average wage may be eligible for reduced abatements
- Companies paying less than 85% of the statewide average wage would no longer be eligible for abatements

2019

Unemployment Rate	3.9% as of July 2019
Statewide Average Hourly Wage	\$22.54
Economic Overview	Beginning in late 2010, an economic recovery developed in Nevada and over the past decade all jobs lost during the recession were recovered by mid-2016. As of December 2019, 327,500 jobs had been added since the bottom

Legislative Changes to Abatement Program (2019 Legislative Session)

Nevada's overall unemployment rate is at an all-time low in January of 2019. The 2019 Legislative Session saw the abatement criteria amended as follows:

AB400:

- Reduces GOED's ability to abate the Local School Support Tax (new business can abate, expanding business cannot)
- Reduces the number of instances a new or existing company can receive tax abatements; – New businesses can receive one incentive package for moving to a Nevada county (includes the Local School Support Tax) and can apply for one round of expansion abatements (cannot include the LSST); – Existing companies may only apply for one expansion incentive package as long as they have never received abatements (cannot include the LSST)
- Reduces aviation tax abatement from 20 years to 10 years; and
- Requires the GOED Board to approve aviation and data center abatements by a two-thirds vote

2020

Unemployment Rate	14.2% as of July 2020
Statewide Average Hourly Wage	\$23.47
Economic Overview	<p>The COVID-19 pandemic caused the biggest blow to the US economy since the Great Depression. Nevada and Hawaii saw the largest decline in real gross domestic product, down 42.2 percent. Both economies are heavily reliant on tourism. The national average was down 31.4 percent.</p> <p>At the peak of unemployment in April 2020, Nevada’s unemployment rate was 30 percent — the highest unemployment rate recorded in any state ever. In the Las Vegas area, the unemployment rate was 34 percent. In the Reno area, it was 20.4 percent.</p>

2021

Unemployment Rate	6.6% as of July 2021
Statewide Average Hourly Wage	\$24.16
Economic Overview	Nevada’s unemployment rate has improved dramatically. The comparative number for Las Vegas is now 6.0 percent and for Reno it is 2.8 percent. The statewide seasonally adjusted unemployment rate is 6.6 percent compared to the May 2020 unemployment rate of 29.5 percent.

Legislative Changes to Abatement Program (2021 Legislative Session)

the economy in Nevada continues to recover from the severe impacts of the pandemic. The 2021 Legislative Session saw revisions to the abatement program as follows:

AB66:

- Revises provisions relating to the abatement of certain taxes. This bill prohibits companies from receiving an abatement past one year after entering into an agreement. If the applicant fails to enter into an agreement within one year after the application is received, the applicant is required to submit a new application.

AB69:

- The Director of the Department of Business and Industry is added as a nonvoting member to the Board of Economic Development.

2023

Unemployment Rate	5.3% as of July 2023
Statewide Average Hourly Wage	\$29.28
Economic Overview	<p>Employment in the state saw a rapid and ongoing expansion, surpassing pre-recession levels in January 2022 and having surpassed prerecession employment in all major industry sectors, at least once, as of July 2023.</p> <p>In December 2023, Nevada's labor force grew to over 1.62 million, an all-time high.</p>

Legislative Changes to Abatement Program (2023 Legislative Session)

The 2023 Legislative Session saw the abatement criteria amended as follows:

SB1 (Special Session 2023):

- If a business, will have at least 50 full-time employees on the payroll of the business by the eighth calendar quarter following the calendar quarter in which the abatement becomes effective the business has a policy for paid family and medical leave and agrees that all employees who have been employed by the business for at least 1 year will be eligible for at least 12 weeks of paid family and medical leave at a rate of at least 55 percent of the regular wage of the employee

2024

Unemployment Rate	5.4% as of July 2024
Statewide Average Hourly Wage	\$32.51
Economic Overview	<p>As of August 2024, Nevada employment numbers increased 3.2 percent from the prior year. This represents an increase of 141,900 jobs over the pre-pandemic high. Nationally, employment grew just 1.5 percent over the year in August. The rising labor force participation rate suggests that more Nevadans are returning to the workforce, and Nevada continues to see steady job growth, led by Southern Nevada.</p>

Aviation, Data Center, \$1 Billion and \$3.5 Billion Abatements - Legislative Summary

2014

\$3.5 billion abatement is introduced in a special session.

S.B. 1 (Chapter 4)

- Authorizes an full abatement for 10 years on personal property taxes and modified business taxes, as well as a partial abatement of the local sales and use taxes for 20 years to a qualified business with a capital investment of at least \$3.5 billion in this State.

2015

Data Center and Aviation abatements are introduced for the purposes of Nevada's competitiveness with surrounding states and the desire to grow these industries in Nevada. \$1 billion abatement is introduced in a special session.

S.B. 170 (Chapter 498)

- Authorizes a partial abatement of personal property taxes and local sales and use taxes to a qualified data center that locates or expands in this State and any co-located businesses within a qualified data center.

A.B. 161

- Assembly Bill 161 authorizes a partial abatement of taxes for up to 20 years for certain qualified new and existing businesses that own, operate, manufacture, service, maintain, test, repair, overhaul, or assemble an aircraft or any component of an aircraft.

S.B. 1 (Chapter 2)

- Authorizes a partial abatement of 75% for 10 years on personal property taxes and modified business taxes, as well as a reduction of the local sales and use taxes for 15 years to a qualified business with a capital investment of at least \$1 billion in this State.

2019

AB400:

- Companies receiving the \$3.5 billion or \$1 billion abatement packages can no longer receive an abatement on the LSST portion of the Sales and Use Tax.
- Reduces aviation tax abatement from 20 years to 10 years; and requires the GOED Board to approve aviation and data center abatements by a two-thirds vote

Approved NRS 360.753 (Aviation) Tax Abatements - Fiscal Years 2016 through 2024

Approved Aviation Tax Abatements - Fiscal Year 2016 Nevada Governor's Office of Economic Development

Abatement Audits - Background

When a company is approved for tax abatements, it enters into an Agreement for Tax Abatements (contract) with GOED. This contract requires each company to undergo an abatement audit, conducted by the Nevada Department of Taxation, at the 2- and 5-year mark (standard abatements) or 2, 5, 8, and 10-year mark (Data Center and Aviation Abatements).

In the event that the Department of Taxation, in consultation with GOED, makes a determination the Company has failed to comply with the requirements of this contract, **the Company shall repay all abatements with interest.** The Company will make repayment of such abatement granted under NRS Chapter 360 to the Department of Taxation, will make repayment of such abatements under NRS Chapter 361 to the Treasurer of the County, and the Department of Taxation and the County shall collect the amounts of such abatements under the procedures set forth in Title 32 of NRS.

**Approved Tax Abatements - Fiscal Year 2010
