Having previously lived in there for several years and walking every inch of those wetlands, I know there are some places where litter gathers. I always shied away from it because of the signage about federally protected wetlands, NDEP, etc., and I didn't want to get in trouble. I just reached out to my friend at NDEP about the possibility of cleaning up in there as well as whitetop mitigation. As you likely know, the whitetop is horrendous in so many of those wetland areas. We could even subcontract with them to manage the grant reporting and such as I can't quite picture an HOA handling that. However, we are not interested in being the major grantee and subcontracting with the HOA as the bulk of the money and project would be the weed mitigation piece. <p>Thoughts?
