SER0084321	Service Request - No Utilities in RentalSER0084321	<p>I'm telling you about a very bad house. I answered an ad online for a small house, a 'cottage they said. But, it was not a house. It was a shed. In the backyard. Like a tool shed. This shed had no water. No sink. No shower. No toilet. They gave me a camping toilet, like for camping in the woods. It smelled bad. And, only one light bulb. And one heater. That's all. They said I could use the kitchen in the big house, but only from 8 o'clock in the morning until 5 o'clock in the afternoon. Like a job! Not like a home. This is not right. This is not a house. This is not safe. I think they are breaking the city rules. I want the city to help me. I want them to stop renting this shed. It is not fair. I have pictures. I can show you. Please help me. I need a real house.</p>	4054 Royal Sage Dr, Reno, NV 89503	Closed	Code Enforcement	2025-03-28 00:56:13

SER0084322	650 Record - Elevators Not WorkingSER0084322	<p>L1 was called out to an OOS elevator at 650 Record St today. This appears to be an on-going issued from sometime in January when we had a broken sprinkler pipe in the attic. This problem was reportedly resolved in December, but that resolution did not fix the problem long term. According to on site personnel, the new alarm panel was installed and they were ready to come off live fire watch today and then the elevator stopped working again. L1 arrived with 8 people waiting up to 4 hours to get back to their rooms. On site personnel called their elevator service (TKE) at 11:30 and were told a tech was en route with no ETA. This address is primarily elderly and disabled, so the elevator is critical for the occupants to get aloft.</p> <p>L1 found the Fire Service key forced into "RESET" with the key</p>	650 Record St, Reno, NV 89512	Open	Code Enforcement	2025-03-28 06:55:34

		<p>removed in that position. On site personnel rigged this system by shaving the key down to allow it to be removed. This was their solution to keep the alarm from sounding, and it made it impossible for RFD to take over the elevator without the building responsible's modified key. Once we got the Fire Service key in the "OFF" position we could then take over the cars, which was still not effective in getting the elevators to move. L1 did a hard power reset on the cars and was then able to shepard the occupants to their respective floors in "Phase 2".</p> <p>Per my understanding of the agreement in January/December the on site personnel were allowed to use their elevator key to function as elevator operators to move residents up and down to alleviate RFD resources from getting called out to perform that function. That is</p>

		<p>how we left it today with the on site personnel. They are putting the elevator in "Phase 2" and taking residents to and from their floor. The on site personnel stated they would sort out a 24 hour service to accomplish this.</p> <p>Per the manager on scene the elevator company believes it is an alarm panel issue, and the alarm panel company believes it is an elevator issue. Either way the elevator is not functioning correctly and a large mid-rise apartment occupied with people with mobility issues.</p> <p>Please let me know if you have any further needs from us on this matter.</p> <p>On-Site personnel:</p> <p>Mark Hodgen &amp; Bianca Jovel</p> <p>Property Manager off site:</p>

We have big concerns around noise. The bedrooms for our entire family are on the north side of our property, just across the way from the courts. 		<p>can reported by emailed to the State of Nevada at hcqccomplaint@health.nv.gov"</p> <p>So, with the State saying they are not responsible, and the City saying they are not responsible, I'd like to know WHO - WHAT AGENCY - is responsible for monitoring Fire, Police and REMSA responses to this business? It is so frustrating to receive the runaround from both the City and State regarding the problems the neighbors adjacent to this business face. No one wants to take any responsibility for this poorly run and poorly managed psychiatric residential treatment facility for underage children. How is that fair to the kids at this place? No one seems to care for them and neither the City nor the State care to address the issues the neighbors have with this business.</p>

		Furthermore, the workers are now using my private driveway to turn their cars around and I'd sure appreciate it if the City would again reach out to the owner, Dharmendra Goyal, and let him know that his workers are NOT to pull into my private driveway when they are leaving their shift at the business. I do not want them on my property as this has been a problem. I had a worker in my front yard on March 5, Wednesday and had to call 911 because she was looking in my front living room window. SER0084907	4050 Baker - Removal of Dead TreesSER0084907	Can you please help out on the Cochran Ditch behind the Elks lodge and apartment complex. Pré utility service we have an easement to maintain the water ways. The problem we are having in this area is there is a lot of dead trees, and they fall into the ditch and causes it to dam up. The trees are also falling onto the fences and damaging them. We would like to get ahead of the situation, so we don't have any property damage or a plugged ditch that may cause flooding. We have marked some trees that we would like taken out.	4050 Baker Ln, Reno, NV 89509	Open	Code Enforcement	2025-04-03 08:44:52
