SER0097451	Service Request - Rental Property IssuesSER0097451	To whom it may concern, I am currently a tenant of the Glen Apartments located on the corner of Plumas and West Moana, in building 2, apartment 107. Near the end of May, I noticed that my AC was not working properly and wrote a maintenance request to my property manager on June 1st. They responded on June 13th by entering my apartment and checking out my central unit, noting that "the valve was closed". They left and advised that it should be working now, but all that was fixed was that it began blowing like a traditional fan but not actually cooling the apartment. I put in a verbal request by going down to the office on June 30th, with no response. Then again, I put in a written request on July 14th, with still no response. It is now July 25th. SER0097613	301 Gentry- Elevator concerns SER0097613	<p>Per information forwarded by the City Manager's Office - " Ms. Huntsman,</p> <p>We at the Vintage at Sanctuary have had our #2 elevator out of order since the weekend of June the 13th. I have tried to get an update in writing, with no response from management. So, from word of mouth, there is no estimate on when the elevator will be back in service because of parts issues.</p> <p>I do have a response from our community director, on July 3rd, where she says "The situation with the elevator is out of my hands. As soon as it happened , I provided the required information to the necessary individuals." Why is it these "necessary" individuals do not keep spare parts on hand? We are not the only Vintage property with elevators.</p>	301 Gentry Way, Reno, NV 89502	Open	Code Enforcement	2025-07-28 11:34:54

		<p>What I am wondering is if an elevator is considered an amenity. If is not, then Houston we have a problem. This is a problem all tenants are upset with here at the Vintage at Sanctuary. This I thought was a showcase property of Reno but FPI Management Inc. is not properly maintaining the property.</p> <p>If you can get Mr. Martinez to set up a time and visit me. He can meet my neighbors and see firsthand how this is affecting them.</p> <p>Thanks for any assistants,</p> <p>George V Campagnoni"</p>

SER0097927	406 California Ave - Landscape Plan IssuesSER0097927	Per UF (Matt Basile) - 406 California Ave - Per the landscape plan below approved as part of BLD25-0161E The trees along Lander Street were to be protected and remain in place. The three southmost trees died during construction and were replaced with unacceptable new trees which have also perished. The existing landscape, turfgrass irrigated via overhead spray irrigation, was also to remain. To rectify this problem, the property owner must remove the fractured rock from the park strip and restore the turf grass. This may require additional soil so that the finished grade matches the sidewalk to prevent a tripping hazard. Additional soil shall meet the City of Reno soil quality specification. Once the turf grass is installed, the property owner must replace the 3 south most park strip trees with new	406 California Ave, Reno, NV 89509	Open	Code Enforcement	2025-07-30 06:48:13

We told them not to do it, but they refuse to listen. The fence has been there for over 30-40 years. We bought our home 5 years ago with belief by city and title that the fence is the property line. We have our property with garden up to what is property line. All fence boards along property line have facing boards towards our home. I spoke with Mike Railey in Planning division whom said you will help enforce an immediate stoppage to this. Please respond with actions and time table.
