| SER0093486 | Service Request - Nuisance, Not Otherwise ListedSER0093486 | Ongoing peace disturbance/noise complaint at Halcyon Apartments. Noise comes from unit 3107. The tenant in 3107 repeatedly strikes the shared wall and the perpendicular wall to the shared wall with a hard object waking me from sound sleep up to 14 times in a night. Through the night, it can run from 8:50 p.m. to 5:51 a.m., every 18 to every 33 minutes. He is not striking the wall with his hand. It is a loud, sharp sound. He escalated significantly after he received a 5- day notice on 6/13/2025. As of 6/22/2025, the 5- day notice has not been enforced by the property. The regional property manager out of California said they were waiting until July. This is not acceptable. I have been awakened multiple times throughout the night since I moved in April 2025. I have sent more than 20 emails and left numerous voicemails regarding | 825 E Patriot Blvd, Reno, NV 89511 | Open | Code Enforcement | 2025-06-22 06:20:54 | |

| | | <p>this issue since April 2025. I also sent video of this disturbance taking place throughout the night to the property management office. Law enforcement has come out twice. The first time, the tenant in 3107 refused to open the door for law enforcement. The second time, he opened the door and said all kinds of things, mostly attempting to deflect from himself. It is believed he has a mental health issue. In addition to the ongoing noise issue, he is also fixated with a tenant on the first floor and has made violent statements about that tenant. The property management is aware of all of this, but chooses to drag its feet. I pay an exorbitant amount of rent, yet I am awakened up to 14 times a night almost every night, cannot use 20% of my unit for its intended purpose, am required to document incessantly, and have to call law enforcement and wait for their arrival.</p> | | | | | |

| SER0094073 | Service Request - Rental Property IssuesSER0094073 | Hi! I moved into a privately owned condo in Lakegrove Condominiums in October. Ever since I moved in I have noticed cockroaches in the hallways and laundry room but I would only see them in my unit occasionally. My neighbor and a lot of the other residents have been dealing with roach infestations ever since they moved in and as of the past month or so I've been seeing a lot more in my unit. I contacted my property management on 6/6 about the roaches and they sent someone to my unit to check it out. They are willing to spray my apartment and have been in contact with the HOA to try to spray the building but the HOA is not doing anything about it. All of the units are individually owned so my landlord cannot spray all of them and the problem will still persist in the building. I also had a mouse come into my unit in February and | 2450 Lybery St, Reno, NV 89509 | Open | Code Enforcement | 2025-06-26 10:02:31 | |

| SER0094078 | Service Request - Shopping Cart AbatementSER0094078 | my property management has been good about taking care of it, but there are still infestations of rodents and pests throughout the building. Is there any way someone could take a look at it and see if there's anything that could be done? They also turned off the hot water on 6/30 and it will not come back on until 7/2. I believe that the infestations and no hot water renders the unit inhabitable but the property management says that's not their fault because the water issue is outside of the unit.
