SER0094257	Service Request - Planning and Zoning IssuesSER0094257	<p>My wife and I rent an apartment for our daughter at the Villas at Keystone Canyon. Recently there have been some issues regarding bicycle storage and disposal of quite a few bicycles that were not stored properly. The issue I take with disposing these bicycles is that bicycle racks have not been provided property wide.</p> <p>Contrary to City of Reno adopted codes at the time the Villas at Keystone Canyon were built...I believe in 2014-2015...there are only (2) bicycle racks installed property wide. There is (1) near the rental / billing office and (1) adjacent to building #5. Even on the property map they provide, it reflects a total of (4), but really there are only these (2). Please keep in mind there are (288) units with a mix of 1, 2, and 3 bedrooms.</p> <p>As of April 2025, onsite</p>	3030 Leadership Pkwy, Reno, NV 89503	Open	Code Enforcement	2025-06-27 14:06:34

		<p>management cut all locks and disposed of all bicycles. As there not concessions to properly store / lock bicycles, bicycles were stored in stairwells and on patios. They stated this violates the lease agreement as well as fire code. They also stated the lease supersedes any code requirement or zoning law.</p> <p>It appears that this facility did not adhere to the Reno Land Development Code, Article 7, Chapter 18.04.705(c) Bicycle Parking...that was adopted by the City of Reno at the time this facility was completed. Per this chapter, (1) bicycle storage location is required per each 2-bedroom apartment. I am not sure how many 2-bedroom units are in each building but I am sure there are quite a few...let alone 3-bedroom units.</p> <p>I am submitting this complaint simply to</p>

This has become such
an unsanitary situation
we have all lived with
here for years.

These people need to
wire around the solar
panel, which is huge, so
that the pigeons won't

there.

Would you please have
someone go out there?
Send them a letter?
Anything? You need to

SER0094649	Weeds in Cliffs common areas (at Somerset)SER0094649	<p>We are residents in the Cliffs at Somerset, and are concerned about the potential fire hazard of common areas which are weed choked and directly abut residential property. Toll Brothers, the developer, has yet to release these areas to the control to the Somerset Owners Association. Recently, a concerned resident hired a private gardener to attempt to establish a safe perimeter adjacent to his split rail fence. Ironically, having brought his concern regarding common area fire hazard to the SOA, he was chastised by the board for altering Toll Brothers' property.</p> <p>This fire hazard is throughout the Cliffs community. SER0094858	Service Request - Yard issues on private propertySER0094858	Overgrown vegetation in public view on Valleywood Trail. You must get out of your car to see the public view from the backside of the home. Not only is this an issue visually but it is a fire hazard as there is no defensible space between overgrown brush, and home. It is also a health issue due to the abundance of rodents living in this abandoned property. Again, this is full public view from the Valleywood Trail city paved Trail at the back of the home. You must get out of your car to visualize it. I have reported this every year, and the city has provided notice to the owners to clean this up, but it takes me to file the complaint in order for the owners to come and clean this site up as they do not live there nobody lives there it is abandoned.	6381 Springwood Dr, Reno, NV 89523	Open	Code Enforcement	2025-07-02 18:52:15

SER0094913	Noise/nuisanceSER0094913	There is a continuous and sumtimes sporadic amount of loud noise coming from 600 spokane street (terra tile art inc) Just about every day . At first it was compressor decompressing making loud hissing noise ever 5 minutes. That stopped a couple months ago. But was replaced by loud machinerie. loud air blowing tool. Aswell terrible smell of glue and grinding noise. I have been keeping record of the nuisance/ noise since it started about 6 month ago. Trying to be good neighbor isn't working for me. so I'm making this complaint. I have decibel readings to show that noise level is under the executable level. But then jumps up to a unexeptable level when they open door and window exposing all to unhealthy level of noise and	600 Spokane St, Reno, NV 89512	Open	Code Enforcement	2025-07-03 11:47:59
