SER0091697	890 W 5th - safety concernsSER0091697	<p>I am emailing regarding an increasingly serious traffic and pedestrian safety issue. Attached to this email I have a diagram visualizing what I am going to talk about.</p> <p>Here at the parking entryway between 890 W Fifth St, and 880 W Fifth St there have been countless incidents where drivers carelessly proceed to exit out of the entryway. This has been a huge safety scare for myself, probably many other drivers, and any potential pedestrians crossing on the sidewalk.</p> <p>As there are parking space lines to indirectly tell drivers the flow in which you drive, it is not enough. There is only space for the entering cars to come, and no cars to exit the same driveway (as they shouldn't), especially with cars being parked.</p> <p>There needs to be signage to direct drivers</p>	892 W 5th St, Reno, NV 89503	Open	Code Enforcement	2025-06-05 08:21:12

		<p>the correct way, and to prevent any collisions. There needs to be wrong way, and one way signage along with arrows on the pavement. I am confident that there would be increased safety within our great community of Reno.</p> <p>As an employee of Blackmarket Vape & Smoke, which occupies 890 W Fifth St I would be so relieved for this change to happen. It would make me feel safer in the amazing city.</p> <p>I do hope this email reaches all the proper people and departments.</p>

He parks it in front of neighbors houses and leaves it until he gets a notice. He parks it on Mayberry, Keele, and directly impeding our house until he gets a notice. They have no grace to where they park it. They have half picked up the weeds and the truck with, I think no engine and junk is in his driveway. The brown lowrider ford plays musical chairs with the snap on truck. It also parks in front of other houses until it "has to move". There should be something you can do about the repeated offenses. I don't know if you can look up the license plate number but just see how many times in the last several months a notice has been placed on it. It is devaluating all of the houses and still poses a fire risk with the	1155 Johnson Pl, Reno, NV 89509	New	Code Enforcement	2025-06-05 19:11:27

		<p>neighbors. The truck is absolutely a fire hazard as I couldn't imagine a fire truck maneuvering the turn as it's parked today. The trash trucks also can't turn without shimmying. How can we put a final end to this? Please escalate this pattern as they are trying to play chess with the city ordinances and rules. I fear this could just go on for ages.</p> <p>Bottom line: Never have the Snap On" truck not only park at his house but the surrounding areas impeding fire trucks and neighbors or play chess with the city, keep the front yard well kept, do not park the brown low rider in front of neighbors houses for weeks at a time, get the junk out of the front yard, and remove the fire danger of blocking the street and weeds. Feel free to peak over their back fence and you will know what I am talking about. Trust me.... Whomever gets this from your department and reads</p>
