SER0081742	Service Request - Debris on Private PropertySER0081742	They have had a dead mattress and its box spring out there for at least 6 months. There are at least two completely junked cars in the driveway that have not moved since last summer. There is a third car that I am not certain about. There are bags and piles of garbage and tires piled around the cars. The trailer on the street has been there for at least a week. Given the number of cars and the motorcycle that comes and goes (loudly) at all hours of the day and night, practically hourly, I suspect they are drug dealing. There is a lot of screaming and yelling profanity and they have broken bottles in my front yard. I am afraid of them and I am afraid that if I post pics or add my name and contact they will know it was me. I suspect my neighbors are afraid of them. SER0081974	Service Request - Debris on Private PropertySER0081974	My neighbor seems to be using a red truck as their own personal garbage dump in their front yard. A while back, maybe a year, it was only a small amount in the bed of the truck but it has grown to what you see in the pictures. They also have regularly had problems cleaning up their dogs' excrement right behind the red truck in the back yard. I have regularly been able to smell it before I could see it, from as far away as my driveway or the street. I already submitted a service request to Animal Services for the dog excrement but you might want to say something also. I've put up with the dog excrement smell for years now, since before Covid, but now I've realized that my whole lifestyle has changed to avoid even opening a window in my house or going into the backyard because of the smell.
