SER0106522	Service Request - Building - Vacant/Blighted/Unsecured reSER0106522	This house has been abandoned for at least the last two years. The Fire Department used it as a training location and sawed holes in the roof last year. It is a deteriorating structure in this long standing neighborhood. Homeless crawl in there from time to time. It is attractive to the homeless because it is available and within feet of Idlewild Park. The structure is not secure. I have seen more than one person urinating on the property over the summer. Now that cold weather is here, it is going to be a potential shelter . It is a wreck. It is fenced off, but that does not keep trespassers from climbing over it. And then there is the problem with rats. This place is a health hazard. It needs to be torn down and leveled. Someone needs to eradicate the rats seen running around the property. It is hard to believe that there have not been	2100 Riviera St, Reno, NV 89509	Open	Code Enforcement	2025-10-13 19:49:29

Reno NV , 89509 , adjacent to my property at 1756 Belford Rd. The fixture is mounted high above the garage—approximately 20 feet—and produces intense light that spills directly onto my property and into my home during nighttime hours. This illumination is so bright that it prevents me from sleeping and significantly disrupts the peaceful use and enjoyment of my home. The light shines through my windows throughout the night, creating both visual and physical discomfort due to glare and brightness.</p> <p>Conclusion This lighting is more than just a minor inconvenience — it is interfering with my health, my right to peace and quiet at night, and my enjoyment of my</p>	1762 Belford Rd, Reno, NV 89509	Open	Code Enforcement	2025-10-14 12:59:51

Because the fixture is mounted too high, apparently unshielded, and causing significant light trespass, I believe it is in violation of Reno's Land Development Code (specifically, the "Glare and Spillover Lighting" rules in Chapter 18.04 / Article 13, and the Residential Adjacency limit of 0.5 foot-candle in Article 14). Please enforce the code and require mitigation.

SER0106662	Service Request - Zoning Issues with a BusinessSER0106662	Tow truck business is out of compliance with the city ordinance for residential neighborhood. A tow truck business needs to be at a commercial property. Also running a body and mechanic shop out of a residential neighborhood is also out of compliance with the city ordinance. This particular resident has been doing this ever since they moved into the neighborhood and it's an ongoing issue and it needs to stop. They blocked traffic on Haley between Acca Drive and Belden Way and you cannot get flowing traffic with the oversize towing trucks Clearance for driving is not good as their junk vehicles are left and they're not registered or license plate so that's another violation. It needs to stop.	1160 Beldon Way, Reno, NV 89503	Closed	Code Enforcement	2025-10-14 16:42:19

SER0106681	Bright Lights at Life Church SER0106681	<p>I've been inquiring for some time about the lighting at Life Church, located at the corner of Rio Wrangler and my McCauley Ranch. The lights shine directly into our bedroom at night when they come on, which has been quite disruptive.</p> <p>Last week, I spoke with Jeff from Planning, who mentioned that someone would be coming out again to check for compliance. I'd really appreciate being notified in advance so I can be available — either observing from my wall or meeting you on the ground.</p> <p>The issue isn't just with the light closest to our home. When all the lights turn on, even the ones farther from our wall contribute to the disturbance. Sometimes I'm in a deep sleep, and the sudden brightness wakes me up.</p>	10300 Rio Wrangler Pkwy, Reno, NV 89521	Open	Code Enforcement	2025-10-15 07:23:20
