I'd like to alert David Sidie as we have spoken on the issues my family and I regularly deal with as a result of this for-profit business being located right next to my residential northwest Reno home. 		<p>It is necessary to resume the conversation that we started with you several weeks ago because the Theta Chi fraternity moved into 1104 Ralston Street on Wednesday night September 24, 2025. Every tenant on the lease is a member of the fraternity including their president. Their fraternity sign is displayed proudly and they have been mounting huge wooden structures on the property. They have moved in framed Theta Chi alumni wall hangings and other paraphernalia associated with their organization. In less than 2 days in the property, they have already had 1 big party with over 50 people.</p> <p>We know that they haven't officially applied for a Conditional Use Permit but it seems that they don't really need to if they can use the property as a fraternity by just saying that they</p>

		<p>aren't planning to be official. Almost every action they engage in is related to fraternity business. The property owner knew full well what he was doing when he rented out to the fraternity members and all of us in the neighborhood knew too because the boys told us; they aren't hiding the fact that they are a fraternity.</p> <p>What recourse do the residents have in this case? The property owner of 1104 Ralston Street is already on record for building a fence without a permit, violating property line boundaries and now they have provided a home for Theta Chi fraternity, which is affecting traffic, noise and property values. We hope you can help our neighborhood with this issue.</p> <p>Sincerely, Kathleen</p>

SER0105196	City Ordinance?SER0105196	We visited a store in Reno called Junkie with our grandson and was horrified to see pornographic magazines displayed at his eye level. It wasn't the Playboy magazines scattered all over that were bothersome. It was the magazines with actual sex acts being displayed on the covers! How dare they leave these in plain view for kids to see! They should have them in an indiscreet location with a warning to parents. I'm outraged that they have exposed our 8 year old grandson to graphic pornography! To make matters worse when I brought it to the attention of staff, they absolutely didn't care! There should be some kind of ordinance about this to protect our children.	960 S Virginia St, Reno, NV 89502	Open	Code Enforcement	2025-09-30 14:00:41
