		3, I have children that attend elementary school and I work, the people that have been working on this apartment for almost month now, have no regard for the residents staying in the complex. There have been materials left outside in the residents parking spots, people coming back and forth in and out the apartment all hours of the night and no one says anything about the disturbance these people have caused since they started these renovations. Noise and banging all throughout the night, when is it gonna stop!!! Please can someone come out here and check this out.					
SER0103989	Trash Bin Concern-1401 Westwood DriveSER0103989	The reporting party advises that this property leaves out their trash cans out on the street or sidewalk on daily basis.	1401 Westwood Dr, Reno, NV 89509	Closed	Code Enforcement	2025-09-19 09:33:40

SER0104296	Code concerns 9400 W 4th stSER0104296	<p>Hello</p> <p>I would like to bring to your attention a possible large-scale construction project occurring along the Truckee River, at 9400 W 4th St (The River Inn), which appears to be within the flood zone.</p> <p>Over the past month, they have dug a large trench close enough to the river to need a generator to keep ground water seepage from the Truckee River out of their ditch. They have laid what I believe to be pipes, culverts, hot tubs, and large concrete cylinders into this trench and have brought in roughly 75 dump trucks full of fill dirt to bury these items. The dust has been pretty bad with all the trucks. This fill dirt seems to have raised the banks of the Truckee River in the flood zone by 6-10ft. I also think they are doing some demo of buildings onsite. Construction is often 7 days a week with a significant portion on the weekends.</p>	9400 W 4th St, Reno, NV 89523	Open	Code Enforcement	2025-09-22 17:52:51	

Number	Case	Description	Location	State	Assignment group	▲ Created	Ward number
		<p>I am not opposed to development; however, I am concerned about whether the proper permits and environmental reviews are in place. Given the site's proximity to the Truckee River—a federally protected waterway and a primary source of our drinking water—I believe this project warrants review to ensure it is compliant with city codes and environmental regulations.</p> <p>The full scope of the project may not be visible from 4th Street, so I have attached photos for reference.</p> <p>Please note: This communication is made in good faith to a government agency on a matter of public concern. It is intended solely to alert the City of Reno of a possible code or environmental compliance issue, and not to defame, disparage, or cause harm to any party.</p>

SER0104301	4470 Rio Poco Rd -- Private tree issueSER0104301	Birch tree in Back yard. Last November the blue spruce in this backyard fell over on my patio cover and damaged it completely plus part of my roof. The blue spruce had shallow roots and I know this Birch has shallow roots too. This house was recently sold in early 2025 and I mentioned to the new owners that I had some concerns about the tree at that time. I've lived here for over 20 years and the tree seems to not be doing well each year. If this tree falls it will crush my house and fall on my master bedroom and back bedroom which can cause bodily injury; let alone damage the house roofing system. Could you please check it out to see if it is healthy. This is what I have read about it. "Birch trees have characteristically shallow root systems, which are not well-suited for Nevada's arid climate and dry, often alkaline soil. While they can	4470 Rio Poco Rd, Reno, NV 89502	Closed	Code Enforcement	2025-09-22 19:12:18	

Number	Case	Description	Location	State	Assignment group	▲ Created	Ward number
		<p>survive in Nevada with significant care, their shallow roots make them highly susceptible to drought, heat stress, and pests like the bronze birch borer. "</p> <p>The Neighbors on both sides of me have mentioned the tree and I believe they may have even put in a request to have it checked out too but I'm not sure. We are concerned with the amount of wind we've had in the past few years. The wind caused the Blue Spruce that fall and it was terrifying. I've been told by an arborist that the root system of birch tree is shallow and they are much stronger if there are more of them together. I have attached the blue spruce that fell on my patio cover and just missed my bedroom which is causing me trauma. This is why I am reporting this to be checked out. I truly have concerns for my safety. Thank you</p>

SER0104731	Service Request - Homeless Concerns on Private PropertySER0104731	Homeless camping in our dirt parking lot. We participate in the No Loitering program and have signs posted. We have asked for patrols to drive into the parking lot and clear the homeless from the south side (entrance side) of our building. We have had a lot of vandalism (fires, theft, drug use) on the property and would like any homeless on site trespassed.	240 Gentry Way, Reno, NV 89502	New	Code Enforcement	2025-09-25 16:35:26
