SER0117764	4650 Sierra Madre Dr - Lighting Issues / Rental Issues SER0117764	<p>There is a light that is way too bright that I've asked to get fixed.</p> <p>When they did the work order the maintenance worker destroyed their landscaping and turned the light directly into my unit. I asked for them to fix it again and to file a complaint and they did everything in their power to stall me and threatened to evict me because they wanted to go home and I wanted to get this paperwork done before the end of the night.</p> <p>The next morning, I go in with the normal process and patiently wait about 35 minutes for the general manager to finish her task. Again, when I asked to file a formal complaint she said, "I can do whatever I want." She asked me to leave, and I said I'm not leaving until something gets done. She proceeded to call the police and I said, "Okay, I'll level with you. I'll wait for the police right outside." What else</p>	4650 Sierra Madre Dr, Reno, NV 89502	Open	Code Enforcement	2026-02-06 16:56:29

		<p>am I supposed to do when the light needs to be fixed and they're refusing to do their jobs? All I wanted to do is get the extremely bright light pointed away or gone completely.</p> <p>I'm aware it's a crime to shine bright lights into people's houses intentionally. This maintenance worker deliberately tilted the light to face my house.</p> <p>I have video footage of nearly the entire conversation with the general manager and the police along with pictures proving that the light was tilted deliberately towards my unit after asking them to fix it.</p>

SER0117809	Service Request - No Utilities in RentalSER0117809	I'm in apartment J3071 and have been without heat for now 2 weeks. I've called the office multiple times, wrote an email to which was told "don't email with matters as some of us might not be working. Always call the maintenance line". Well I've done that between 5-10 times over the last two weeks. I have A ring doorbell so I know No one's been there when I'm gone & the heater is still not working. I've spoke to 1 live person on Wednesday 2/4/26 and she said someone would be going by that day & if they couldn't fix it the heater company would come out the following day 2/5/26. Well maintenance never came by on 2/4 so heater company was never called to come by on 2/5. SER0117854	130 Martin St Unit B SER0117854	To the Reno Direct and Building Code Teams, I am a resident at 130 Martin St (Unit B, basement with rear alley ingress) and am writing to request a rental safety inspection of my rental unit due to an immediate fire concern. Specifically, one of the two bedrooms is heated by an in-wall box-type heater (I apologize if this is not specific enough as I'm not familiar with the industry terms). I have just connected the dots that when this unit is in operation, lamps on the circuit dim and occasionally flutter or flicker, returning to full light when the unit is cycled off. I would normally attempt to notify the property owner first but he told me via phone call this week that "it's just how old houses are" when I brought up for the first time in my tenure an ongoing issue resulting from inherent structural	130 Martin St, Reno, NV 89509	Open	Code Enforcement	2026-02-09 09:19:57

The people of the blue house (12160 Camel Rock Dr) have a front yard of trash. Its leaned up against the garage and I think that three of the cars (red in garden, black pickup and blue pickup) have not moved for at least six months. Now in the last month they have had a lot more cars coming and going so that there are always cars parked behind the junkers and in the street. Today I counted a total of seven that belong to the house. And as I was counting I watched a vehicle that is usually at the house drive out of their driveway, over the lawn and down the neighbor's driveway (they cut down the trees that would have been in the way last summer) and then another vehicle drive up the neighbor's driveway, across the lawn and into the space previously occupied by	12180 Camel Rock Dr, Reno, NV 89506	Open	Code Enforcement	2026-02-12 14:45:52

		the first vehicle. They're now doing some sort of car repair, but they are always doing some sort of car repair. They are repairing enough different vehicles that I suspect they are running a repair service in their front yard. (I am afraid of them, there's often shouting and swearing and I think they're the ones who keep breaking bottles in my front garden.)

SER0118511	Service Request - Homeless ConcernsSER0118511	<p>On February 12, 2026, at approximately 2:45 p.m., a fire was reported in the rear area of the Kohl's department store property. The fire was located directly behind the structure, in close proximity to the building itself and adjacent service areas.</p> <p>The Reno Fire Department responded promptly and initiated fire suppression efforts. During their assessment of the scene, it was discovered that an unauthorized homeless encampment had been established in the immediate area where the fire originated. Although no individuals were present upon the arrival of emergency personnel, the condition of the encampment—including recently disturbed belongings, active burn materials, and the overall state of the site—strongly indicated recent occupancy shortly before the fire ignited.</p>	70 Damonte Ranch Pkwy, Reno, NV 89521	Open	Code Enforcement	2026-02-13 12:45:07

		<p>The encampment contained significant combustible materials, including personal belongings, discarded debris, and makeshift shelter components. Given the close proximity to a large commercial retail building, the presence of open flames or unattended heat sources presents a substantial and ongoing fire hazard. The potential for the fire to spread to the structure, threaten employees and customers, and endanger surrounding businesses was significant. This incident could have resulted in extensive property damage, serious injury, or loss of life.</p> <p>This event highlights an urgent public safety concern. The continued presence of unauthorized encampments in close proximity to commercial structures creates a recurring and</p>

		foreseeable fire risk. Without coordinated intervention, cleanup, and preventative measures, there is a strong likelihood of future incidents occurring at this location.					
		This report is being submitted to ensure the situation receives immediate review, corrective action, and appropriate interdepartmental follow-up. Proactive mitigation is necessary to reduce ongoing fire hazards, protect public safety, and prevent escalation into a more serious incident.

SER0118564	Sewer Back up - 326 W 11th StSER0118564	Per vm: "Hi, my name is Hazel. I currently have an investigation going on with the city and the house that I live at. My address is 326 West 11 Street, so yesterday, one of the things that our landlord has to fix, by next week, is the sewer pipes because they keep clogging up, causing us to have no water in the basement to flood. Yesterday they were clogged and someone came to fix it. And then today they clogged again, about 3 hours ago, and our landlord has not gotten back to us, nor has anyone came to clear it out. So it's coming to call this number to file a new complaint since, because of this issue. Right? Thank you. Bye. My number is 253-4318221."		Closed	Code Enforcement	2026-02-13 16:21:53

SER0118706	Service Request - Rental Property IssuesSER0118706	I didn't give a 14 day notice on here but I have reached out to the landlord weeks and again recently two days ago. We keep getting mold that grows back aggressively and we are having trouble managing it. We have bad condensation that gets the walls and windows wet which will soak on the floor or any furniture near the walls. We just had to throw away our bed, our big sectional couch is ruined with mold, the carpet and rugs have mold, a lot of storage items keep getting moldy, we threw away a lot of stuff. All rooms have mold, we are sleeping in the living room now because we closed off a bedroom that's bad with mold so our kids don't go in there they are ages 4 and 2 years old. My wife and I are starting to feel respiratory symptoms and I get headaches all day long. The land lord said it's probably from all the cooking we do but that's ridiculous		Closed	Code Enforcement	2026-02-16 17:23:57

SER0118817	Service Request - City Maintained TreesSER0118817	On the West side of Valley Rd, at 595 Valley Rd, there are several trees that are in the parking lot of the business that is there, but that are directly adjacent to the sidewalk, and are now impinging on the SB traffic on Valley Rd. I am reporting this as the Captain on E1, operating out of RFD Station 1 at 4th and Valley. There are several branches that are hanging low enough to cause damage to our fire apparatus if struck, along with any other box trucks or similar cargo trucks that frequent the area.
