They have been using the bathroom and vomiting in the front and back of our kids dental office recently. They will pull there pants down regardless of whether they are in the front or the back. We are a kids office and there is a daycare 2 doors down. There is trash and food all over. It smells terrible! The delivery drivers are unable to safely make deliveries to the back door. One of them tried to open the car door to an employee while she was sitting in her car. The police had to come one day because a neighboring business called because they were banging on our windows. SER0125698	Dead Trees - 300 E 2ndSER0125698	This later afternoon I responded to a call from Reno Fire Department and met Captain Rich Richhart and the crew of Engine 1 onsite where the tree was smoldering. Capt. Richhart informed me that they have been to the tree several times over the last 24 hours to attempt to extinguish the tree but it keeps burning. At this time the tree is still smoldering a bit but I do not think failure will occur in the next few days as long as it stops burning. I told Capt. Richhart to please call me if the tree does continue to burn and stability further declines and we need to start dismantling the tree. If the tree does not continue to burn I think it would be safe to say it can be removed in the next 2 weeks. If it continues to burn and loose stability it will need to be removed in the next 24-48 hours.
