SER0131732	Service Request - Nuisance, Not Otherwise ListedSER0131732	They have installed a ~4" black pipe sticking a few feet out the north side wall of the house, visible from the street. It makes a constant, loud, blowing or vacuum noise, 24/7, that can be heard around the block. We live on a different street, not neighboring the property, and hear the constant noise. I'm concerned about what they've installed, what it's doing, and the constant loud noise. It has been ongoing for at least a month, I don't know how the next door neighbors make it. SER0131798	Service Request - Nuisance, Not Otherwise ListedSER0131798	This home was remodeled months ago and they installed the brightest outdoor lighting that is also in clear glass and they blast right through our windows. There are 4 total but the two in the side are the problem. The owner leaves them on everyday and right now they are out of town with the lights blasting 24/7! We told the contractor at the time when nobody lived there to change them and stop leaving them on and they never did. This is ruining the enjoyment of home and should not be allowed. SER0131815	1661 E 6th- Sewage SER0131815	Per voicemail : "This is Department dispatch. Um I just want to let you guys know that we had fire respond out to EVN at 1661 East 6th Street because they had sewage coming up through like the sinks and toilets and that kind of stuff a management was refusing to come out and do anything about it. The fire department had said, hey if you don't do something about it we're going to have to, you know, advise code enforcement. And they said well, the solution was they were going to shut off the water to all of the buildings. So sewer department is headed out there to check and I also the health department, but I did want to let you guys know because I don't know if that's like a code enforcement type of violation. SER0131926	Insulation inspection?SER0131926	Hello there: I am writing to formally request an inspection of the insulation in my apartment. With the current summer temperatures, the apartment has become unsafely hot. I have taken measurements and found that some walls reach temperatures as high as 100°F, while others are consistently around 93°F. This suggests that the insulation is not performing as intended. See my findings here: https://url.usb.m.mimecastprotect.com/s/hdeSCOJpPQSZ0l5jSEfJcG9QmO?domain=tiktok.com Please be aware that I am currently using portable air conditioning units to mitigate the heat. adequately cool the space due to the thermal conditions of the walls.

I would like to schedule an inspection as soon as possible to assess the state of the insulation. Additionally, could you please advise on what the next steps for this inspection should be and what recourse is available to ensure the apartment remains a safe and habitable environment?

I look forward to hearing from you soon to resolve this matter.

SER0131975	Service Request - Building - Vacant/Blighted/Unsecured reSER0131975	I believe the homeowner was previously put under notice for unsafe housing (since he still lives there). It started undergoing construction about 2 months ago. Basically no progress has been made since and it's becoming a hazard. Some sort of power cable or telephone line is dangling from the post in the alley to the house and is in the way of cars trying to get to parking in the alley and detached some sort of box from his house. The yard is filled with debris and broken glass and shattered windows. The white sticky paper on the outside is coming off and exposing knob and tube electrical wiring. They took off the siding without any sort of protection and it looked like asbestos siding (knowing the area). Can you make sure this is being permitted and given the exposed electrical that process is going to be made? SER0131998	Service Request - Sidewalk ObstructionSER0131998	Bush overgrowth again and right by the brand new sidewalk repair City of Reno did. This weed is part of the original weed thats roots caused the initial problem raising the slab of concrete sidewalk until owner of property dug up the roots and removed the problem and then slab was replaced the following year 2026. This weed has grown into a bush and can be seen in this picture starting to push up another concrete slab. The owner of the property should remedy this before its raises the concrete slab any further. It costs us taxpayers and the City of Reno manpower and expense when property owners don't want to do their part in the upkeep of the sidewalk surrounding their property. I am writing to file an emergency habitability complaint regarding severe mold growth, prolonged flooding, and unsafe living conditions in my unit. My landlord/property manager is Judy Fitzgerald, who has been aware of these issues since October 2025 but has not taken proper corrective action. Summary of the Situation My unit experienced eight consecutive days of flooding from May 20 through May 28, 2026. The walls, floors, and structural materials were fully saturated. After the flooding stopped on May 28, no proper remediation was performed. Because of the unsafe conditions, I became displaced as of May 23. 		old and we both are dripping sweat because it's so hot. Shoenberger and shoenberger is not taking this matter seriously and has ignored my texts, they say they will call back and don't. Since the 5th I've gotten one text saying maintenance was told about the matter, no other word from them other than that.

SER0132365	Service Request - Nuisance, Not Otherwise ListedSER0132365	Tenant at this address keeps chickens and roosters, which are not allowed in this neighborhood. It is possible that tenant does not keep chicken coop clean. Because of this, surrounding homes are now plagued with more flies and mosquitoes than ever before. This illegal chicken coop has also attracted mice and squirrels - animals that were rarely ever seen in the neighborhood. With a recent surge in various diseases caused by insects and rodents, this is a very serious matter.	13253 Mount Baldy St, Reno, NV 89506	Closed	Code Enforcement	2026-06-17 22:40:17
