SER0136398	Service Request - Yard issues on private propertySER0136398	The property has become severely overgrown, with tall weeds and unmaintained grass (finally mowed for the first time all summer tonight) that create a potential fire hazard, especially during the dry season. There has been no visible yard maintenance this year, and the condition of the property continues to deteriorate. The home appears to have new renters, but regardless of occupancy, the lack of upkeep is affecting the appearance of our neighborhood and may negatively impact surrounding property values. This has been a well-maintained neighborhood for decades, and it is disappointing to see it fall into this condition. My husband and I had been out for an Artown event and were looking for a late-night restaurant. We parked in this lot after seeing a prominent entrance sign reading "Public Parking." Due to this phrasing and the lack of visible restrictions, we reasonably understood this to be a free municipal lot. 		penalty (\$40 after 7 days). The lot's operating model relies on intentional non-compliance engineered through deceptive signage and poor infrastructure: - Misleading Primary Signage: The large front sign reads "Public Parking" with no indication that payment is required. - Deficient Lighting: The lot is poorly lit at night, making it impossible to read auxiliary rules. - Obscured Disclosures: The mandatory "scan-to-pay" signs are small, poorly lit, and placed far from the middle of the lot, making them both difficult to see and easily blocked by parked cars. This company is actively preying on newcomers and visitors to Reno. A legitimate business would simply add "Paid Parking - Rates Apply 24/7" to the main entrance sign.

		They refuse to do so because they generate higher profits from predatory penalties than from standard parking fees. There are multiple complaints filed against them with the BBB for similar issues, and their rating is an "F". Requested City Action: - Investigation into the lot's compliance with Reno municipal codes regarding commercial signage, visibility, and illumination. - Corrective Mandate requiring the operator to update the main entrance sign to explicitly state that it is a paid lot. - Reimbursement of \$30.00 paid for citation number XVUUAG.
