SER0133971	165-322-44 - Corner of South Meadows and VeteransSER0133971	All our neighbors are complaining that A&K earthmovers are calling residents to tell them about them working after hours literally along our back fence at all hours of the night. This is unacceptable and breaks their contractual legal requirements for working outside the posted hours in their SUP. We need the city to uphold the agreement and the regulations they signed up for during the city council meetings. You don't get to negotiate specific terms and then change them after the project breaks ground. We all have to live here. Please enforce the working hours that are in the SUP we all work and need to sleep. Thank you This is for the project on the corner of south meadows and veterans. SER0134045	Report of ViolationSER0134045	Description of Violation: I am writing anonymously to report an ongoing tenant rights violation regarding illegal landlord./contractor entry practices at Washoe-Mill Apartments, which is managed by FPI Management. 1375 Mill St. Reno, NV 89502Management has a property-wide policy of issuing blanket notices to residents stating that contractors will be entering units across a broad 2-12 day window thought out the past few months. This is a direct violation of Nevada Revised Statute NRS 118A.330, which mandates a minimum of 24 hours' notice. Nevada law requires a specific date and reasonable time frame for scheduled entry, rather than a multi-day open window that completely disrupts tenants' right to quiet enjoyment and privacy.Because this is a HUD/LIHTC affordable	1375 Mill St, Reno, NV 89502	Closed	Code Enforcement	2026-07-01 11:24:05

I will attach a photo of this hazard which I took about five days ago. As you can see in the photo there is a rectangular depression or hole in the asphalt parking apron which is directly in front of the entrance to the CVS store. This depression is approximately 2 to 3 inches deep and	1119 California Ave, Reno, NV 89509	Open	Code Enforcement	2026-07-01 11:26:45

		approximately 36" x 24" in size. This hole represents a public hazard or public nuisance in that it constitutes a clear and present danger to persons walking to or from the CVS Pharmacy located approximately 15 or 20 feet north of the hazard. It is entirely foreseeable that a pedestrian such as an elderly customer of CVS -- especially a person whose vision or balance is less than optimal, might accidentally step in the hole, lose his or her balance, and fall. Elderly persons who fall are very susceptible to serious bodily injury including fractured hips, which can be fatal. Accordingly, I request the City Of Reno Code Enforcement Department to inspect the subject property and enjoin the owners and operators who maintain commercial operations there, from continuing to

I assume that Altus Group US, Inc. leases or rents the premises to one or more other legal entities, including CVS Pharmacy. Please expedite appropriate code enforcement relative to the above described public safety hazard, before someone is caused a serious injury by the hazardous condition.
