SER0135239	2875 Idlewild Dr APT #26- overgrown vegetation SER0135239	The reporting party states that at #25, the property owner, allegedly allowed personal landscaping leaves to be placed on the Crooked Mile, with the expectation that city volunteers would remove the debris. The reporting party expressed concern that public walkways and shared community spaces should not be used for private yard waste disposal. They noted that the debris may remain in place, creating an unsightly condition and contributing to the accumulation of weeds, mosquito larvae, and other debris. The reporting party believes residents should be responsible for properly disposing of their own landscaping materials and maintaining the appearance and cleanliness of shared public areas.	2875 Idlewild Dr, Reno, NV 89509	Closed	Code Enforcement	2026-07-10 16:24:47

SER0135267	Service Request - Sidewalk ObstructionSER0135267	The trees on the property of 9207 Logan Creek Rd is obstructing the sidewalk for pedestrians passing by, violates vertical clearance regulations, and restricts ADA Accessibility. They have not been cleared since approximately June 1, 2026. Pedestrian Clearance: Reno Municipal Code requires the entire width of a public sidewalk to remain completely clear of overgrown vegetation. Vertical Clearance: Tree branches must be trimmed up to a specific vertical height (usually 7 to 8 feet over sidewalks) so pedestrians do not have to duck, lean, or step off the path. ADA Accessibility: The branches block a significant portion of the walking space. This forces someone using a wheelchair, stroller, or walking aid to unsafely divert into the street.	9207 Logan Creek Rd, Reno, NV 89506	Closed	Code Enforcement	2026-07-11 13:12:48

SER0135477	5465 Side Saddle Trl TrlSER0135477	Over the last 2 months there have been significant changes to the rear yard of 5465 SST. It appears that elevations and the grade of the lot has been changed which may result in runoff and discharge of rainwater during a storm. I have not seen any drainage infrastructure installed to move rain water to the street. As built by Toll Homes in 2022, my lot is approximately 2-3 feet lower than 5465 SST. Due to the difference in finish grade of the lots, we share a common original Toll Homes built cement block lower retaining wall with fence above running the full length of the property North to South. The construction in the rear yard of 5465 SST now has cement block planters and other features which rise to the top level of the retaining wall/fence. Additionally there is	5465 Side Saddle Trl, Reno, NV 89511	Closed	Code Enforcement	2026-07-13 15:47:16

		concrete slab with a gazebo structure, artificial grass area, large paver patio areas and a full paver covered side yard. The paver patio areas and the paver side yard are now raised to nearly level (within 1 inch) with the top of the original common cement block retaining wall and appear to slope towards the common retaining wall and my house. With any significant rain storm I am concerned that all the runoff from the now impermeable surfaces in the back and side yard of 5465 SST will overrun the existing block wall and cause flooding of my property as there doesn't appear to be any drainage catch basins or drains to move rainwater from those areas to the front street.

The windows and doors are boarded up, there is graffiti on the building, and weeds and overgrown vegetation have been allowed to accumulate around the property. The overall condition makes the building look vacant and unsafe. People come and go from the property at all hours of the day and night, raising concerns about trespassing, vagrancy, and illegal activity. The property's condition has become an eyesore in the neighborhood and creates safety concerns for nearby residents. I believe the property should be inspected to determine whether it complies with applicable property maintenance and safety requirements as required in the Reno RDA1&2.	1065 Haskell St, Reno, NV 89509	Open	Code Enforcement	2026-07-13 19:31:33

There are no designated handicap-accessible parking spaces or ADA-compliant access to the building. The parking lot is unsecured, lacks marked parking stalls, and has no traffic control measures, creating safety hazards for pedestrians and vehicles. Homeless individuals frequently occupy the parking lot, and discarded condoms are commonly found throughout the property. Human and animal feces are present in multiple areas, creating unsanitary conditions and potential health hazards. The handrails leading to the entrance are loose and do not appear to be securely attached. During winter conditions, ice accumulates on the entrance steps, creating a significant slip-and-fall hazard. SER0135747	Service Request - Nuisance, Not Otherwise ListedSER0135747	Hello, I would like to report what appears to be the construction of a deck and staircase along the river near the River Inn property, immediately adjacent to City-owned property. The structure appears to extend below the ordinary high-water mark, and I have not been able to locate any building permits for the work. I am concerned that this construction may not be permitted and could negatively affect the health and condition of the river. The structure is visible from Fourth Street and appears to have a tan tarp or canopy covering the top of the deck. Because it appears to be located below the high-water mark, it may also be situated on State of Nevada land. Would someone please inspect the site and confirm whether the	2 River Park Ct, Reno, NV 89523	Closed	Code Enforcement	2026-07-15 11:30:58

SER0135790	195 Gentry Way, Apt 110-Roach infestationSER0135790	Kathleen, family friend, is assisting Agnes and Joyce Johnson, who are elderly, as they are dealing with a significant roach infestation in their apartment. They were advised by management that they would send an exterminator out to the apartment over a week ago and that has not happened. Joyce has attempted to re-contact the management and was told they need an appointment to speak with them and would call her back to schedule an appointment. Their office is closed during business hours and have not had success in contacting management via phone or their office. It is low-income housing through the Reno Housing Authority and Kathleen has reached out to them as well but had no assistance with a resolution. The roaches are in the fridge/freezer, carpet, electrical outlets, cabinets, all over the apartment. SER0135799	1000 Harvard Way, #122-Not allowed access to bathroom when neededSER0135799	RP, Lori, moved into a studio with a shared bathroom about two years ago and share the kitchen with 4 other people. Another tenant, Apt 120, will not allow RP to use the bathroom in the morning when needed and is in there up to four hours. If RP knocks, she says it's her turn and has to wait. RP bought a commode, as the tenant suggested to fulfill her bathroom needs. RP states she is too heavy for it, and it buckled underneath her and got hurt. She doesn't feel safe using it. The managers do not want to have anything to do with this. Management told RP the other tenant has not done anything wrong by using the bathroom in the morning and not letting her in. This has been ongoing for the last two years. Lori Billing 775-537-3291	1000 Harvard Way, Reno, NV 89502	Open	Code Enforcement	2026-07-15 15:49:41
