- B.14 Resolution No. ____ (For Possible Action): A Resolution concerning financing with the State of Nevada Department of Conservation and Natural Resources acting by and through the Nevada Division of Environmental Protection in connection with a loan through the State of Nevada Account (the "State Revolving Fund") to finance the construction of a dewatering facility at the Truckee Meadows Water Reclamation Facility (TMWRF) with a maximum principal amount not to exceed \$50,000,000 and providing other matters relating thereto. - B.15 Resolution No. _____ (For Possible Action): Resolution of the City Council of the City of Reno, Nevada, transferring the City of Reno's 2026 Private Activity Bond Volume Cap allocation to the Director of the Nevada Department of Business and Industry for allocation to eligible affordable housing developments located within Reno, Sparks, or Washoe County, and providing other matters properly relating thereto.

Summary:

The City of Reno has been allocated \$18,744,718.32 in Private Activity Bond (PAB) Volume Cap for calendar year 2026. Pursuant to Nevada Revised Statutes and Nevada Administrative Code governing the allocation of Private Activity Bond Volume Cap, local governments must allocate or transfer their available Volume Cap by August 30, 2026, or the allocation automatically reverts to the State.

At this time, the City has not received an eligible request requiring use of the City's 2026 Volume Cap allocation. Staff recommends transferring the City's entire 2026 allocation to the Director of the Nevada Department of Business and Industry so the allocation may be used to support eligible affordable housing developments located within Reno, Sparks, or unincorporated Washoe County, consistent with State law and the regional need for affordable housing.

Approval of the attached resolution preserves the availability of these tax-exempt bond resources for affordable housing projects within the region rather than allowing the City's allocation to lapse through automatic reversion.
