SLFRF Compliance Report - SLT-1104-P&E Report-Q3 2022
Report Period : Quarter 3 2022 (July-September)

Recipient Profile

Recipient Information

Recipient UEI	TH74SE96JVC7
Recipient TIN	886000201
Recipient Legal Entity Name	City Of Reno, Nevada
Recipient Type	Metro City or County
FAIN	
CFDA No./Assistance Listing	
Recipient Address	1 E. First Street
Recipient Address 2	
Recipient Address 3	
Recipient City	Reno
Recipient State/Territory	NV
Recipient Zip5	89505
Recipient Zip+4	
Recipient Reporting Tier	Tier 1. States, U.S. territories, metropolitan cities and counties with a population that exceeds 250,000 residents
Base Year Fiscal Year End Date	
Discrepancies Explanation	
Who approves the budget in your jurisdiction?	Other (Specify)
Is your budget considered executed at the point of obligation?	Yes
Is the Recipient Registered in SAM.Gov?	Yes

Project Overview

Project Name: Downtown Reno Business Improvement District

Project Identification Number	60105
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	$49,184.67
Total Cumulative Obligations	$49,184.67
Total Cumulative Expenditures	$49,184.67
Current Period Obligations	$0.00
Current Period Expenditures	$8,850.39
Project Description	This project supports the Ambassador Program (Clean & Safe) by funding capital equipment to help clean and sanitize the downtown corridor – the funded equipment includes a truck, pressure washer, two electric sweepers and other cleaning tools. Enhanced cleaning protocols, more frequent cleaning schedules, and advanced cleaning tools allow for Clean & Safe to provide a safe area for residents and tourists, and helps mitigate the spread of COVID-19 and other health and safety risks.

Project Name: East Fourth Street Village

Project Identification Number	21502
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Not Started
Adopted Budget	$2,000,000.00
Total Cumulative Obligations	$2,000,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Mitigating the emerging affordable housing crisis in the Reno housing market is a major focus in our current landscape. Through development or acquisition, Volunteers of America looks to ensure that communities maintain a portfolio of affordable housing stock, especially during these times of hyper-inflation. This project will acquire the property currently known as the Hi-Way 40 Motel, on East Fourth Street in Reno, NV for the purpose of converting the one bedroom and studio units into permanent affordable housing units. These units would be targeted towards individuals and couples whose income range fall within the 30-60 percent of the local AMI. Located adjacent to public transportation, the site is ideal to support a stabilized lower

	income community and provide for ancillary support services.
What is the Total expected capital expenditure, including pre-development costs, if applicable	$2,000,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing

Project Name: Truckee Meadows Parks Foundation (TMPF) Trails Coordinator

Project Identification Number	22206
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)
Status To Completion	Completed less than 50%
Adopted Budget	$50,000.00
Total Cumulative Obligations	$50,000.00
Total Cumulative Expenditures	$25,000.00
Current Period Obligations	$0.00
Current Period Expenditures	$25,000.00
Project Description	During the pandemic, trails became—and remain—a lifeline for millions of Americans for daily, close-to-home activity and mental respite. This project is to support the TMPF's Trails Coordinator positions which will fill the critical role of a dedicated staff member to coordinate the implementation of the Truckee Meadows Trails Plan. This plan seeks to address support and improvements needed to maintain high quality experiences on the existing trail network and new trails and related facilities needed to improve the interconnectedness of the network and the community. Additionally, the plan recommends a strategy to prioritize trail efforts on the ground, generate additional funding and local support for trails, increase stewardship, and coordinate among agencies at all levels of government.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	o This plan seeks to address support and improvements needed to maintain high quality experiences on the existing trail network and new trails and related facilities needed to improve the interconnectedness of the network and the community. Additionally, the plan recommends a strategy to prioritize trail efforts on the ground, generate additional funding and local support for trails, increase stewardship, and coordinate among agencies at all levels of government.
Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	o Quality access to parks and recreational opportunities, including well developed trail networks, in a community has a demonstrable effect on economic growth and improved health outcomes for neighboring residents. This project will provide increased access to trail facilities for our residents, promote tourism and recreation and lead to increased facility usage.
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	1

Project Name: Dick Scott Manor

Project Identification Number	21503
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed less than 50%
Adopted Budget	$3,000,000.00
Total Cumulative Obligations	$3,000,000.00
Total Cumulative Expenditures	$3,000,000.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Dick Scott Manor is a new affordable housing development project consisting of two 2-story buildings to be located at 1035 8th Street. This project will serve veterans with income at or below 40% Area Median Income (AMI) coming from homelessness or risk of homelessness. Each building will be approximately 7,846 square feet consisting of two one bedroom and one studio units per level. The buildings will be wood frame construction with stucco exteriors and a masonry wainscot. The roofs will be premium grade SBS asphalt shingles. Interiors will include Energy Star appliances as applicable. The windows will be energy efficient double pane low-e glass with argon gas between the panes. Two units will be ADA accessible. The remaining units will be ADA convertible.
What is the Total expected capital expenditure, including pre-development costs, if applicable	$3,000,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	14 Dis Imp Low income HHs and populations
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The project will address affordable housing for low-income households. Proportionately, COVID-19 has impacted low-income households more so than others and any increase in housing opportunity for these households will have an impact. The rising costs of housing in the community have impacted the target population which includes low-income wage earners, seniors on fixed income, and persons with disabilities.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	This is a capital expenditure to build new affordable housing units and increase the areas affordable housing inventory. Construction of this project creates a permanent affordable housing for veterans. Proportionately, COVID-19 has

	impacted low-income households more so than others and any increase in housing opportunity for these households will have an impact.

Project Name: Sage Street 2.0

Project Identification Number	21501
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed less than 50%
Adopted Budget	$2,500,000.00
Total Cumulative Obligations	$2,500,000.00
Total Cumulative Expenditures	$25,000.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The Village on Sage Street Expansion adds 96 dorm-style units to the Village on Sage Street. The Village was opened in July 2019 and consists of 216 dorm-style affordable housing units with shared bathrooms, recreation, and kitchen facilities. The Village provides safe, clean, and affordable housing for people who are working – or seniors or people with disabilities on fixed incomes – but struggling to afford rent. The units rent for $400 per month, which includes all utilities. Since opening the existing 216 units, 449 individuals have moved in and 259 have moved out. Individuals who have moved out stayed an average of nine months. Among move-outs, 41% reduced their debt, and 15% increased income while living at the Village. In December 2021, CHLT learned of the opportunity to purchase two additional modular buildings consisting of 96 units that could be added to the existing Village. This projects is for the purchase of the additional units for permanent affordable housing.
What is the Total expected capital expenditure, including pre-development costs, if applicable	$2,500,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	14 Dis Imp Low income HHs and populations
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	COVID-19 and the subsequent economic effects had a significant impact on lower income households. At the Village on Sage Street, much of the population is employed in the service industry, casinos, restaurants, and warehouses which were disproportionately impacted by COVID-19. Many found themselves suddenly out of work and struggling

	to get on unemployment which impacted their housing. In Northern Nevada, there are many people who are working fulltime, but are struggling to afford rent.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Individuals working fulltime whose income ranges from $8.75 - $17.00/hour have incredibly limited housing options, especially when the average monthly rent is more than $1,600.00. Waitlists for affordable housing in Northern Nevada are backlogged for months, and, in some cases, years. Additional affordable housing is needed in Northern Nevada. In addition, the American Public Health Association experts agree that affordable, sanitary housing is essential for good health and healthy communities.

Project Name: Idlewild Park Pond Bottom Repair

Project Identification Number	22203
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.22-Strong Healthy Communities: Neighborhood Features that Promote Health and Safety
Status To Completion	Not Started
Adopted Budget	$500,000.00
Total Cumulative Obligations	$500,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Parks played an essential role to the community during the pandemic, and maintaining parks close to residents is essential for long term public health and reducing the impacts COVID-19. This project is for the installation of a clay or artificial liner along the lower pond. By enhancing the pond, this will address the critical need to reduce leakage and limit water loss, and long term, is essential to prevent the formation of a sinkhole in the parking lot.

Project Name: California Building HVAC

Project Identification Number	22205
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.22-Strong Healthy Communities: Neighborhood Features that Promote Health and Safety
Status To Completion	Completed less than 50%
Adopted Budget	$800,000.00
Total Cumulative Obligations	$800,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
	This project will modernize heating and cooling units (HVAC) to equip the California building for use during summer and winter months. Not only will a modern HVAC

Project Description	system allow Recreation staff the ability to schedule summer camps and special events regardless of weather, it will also improve the air circulation in the building, which can help reduce the concentration and risk of exposure to aerosols, and thus infection with COVID-19.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	15 Dis Imp HHs and populations residing in Qualified Census Tracts
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	o Access to quality parks and recreation in a community has a demonstrable effect on economic growth and improved health outcomes for neighboring residents. This project specifically will provide increased access to Parks and Recreation facilities and programming for our residents, and lead to increased facility usage.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	o This project will modernize heating and cooling units (HVAC) to equip the California Building for use during summer and winter months. Due to the lack of air conditioning, this facility is often eliminated as an option for recreational activities because the facility temperatures are either too warm or too cold for participants to endure. Access to the California Building for summer camps and programs reduces the burden of finding affordable child care for neighboring communities.

Project Name: Idlewild Park Pond Wall Repair

Project Identification Number	22204
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.22-Strong Healthy Communities: Neighborhood Features that Promote Health and Safety
Status To Completion	Not Started
Adopted Budget	$500,000.00
Total Cumulative Obligations	$500,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Parks played an essential role to the community during the pandemic, and maintaining parks close to residents is essential for long term public health and reducing the impacts COVID-19. This project will provide repair and stabilization of the walls of the ponds to ensure water retention and will address the critical need to reduce leakage and limit water loss. Long term, this project is also essential to prevent the formation of a sinkhole in the parking lot.

Project Name: Dorothy McAlinden/Mayor's Park

Project Identification Number	22202
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.22-Strong Healthy Communities: Neighborhood Features that Promote Health and Safety
Status To Completion	Completed less than 50%

Adopted Budget	$1,115,000.00
Total Cumulative Obligations	$1,115,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Parks played an essential role to the community during the pandemic, and maintaining parks close to residents is essential for long term public health and reducing the impacts COVID-19. This project outlines the addition of flat fields to increase availability for local youth sports leagues. By creating additional fields, we will reduce the gap in field availability, the amenity which is most heavily lacking for the City of Reno.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	15 Dis Imp HHs and populations residing in Qualified Census Tracts
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	o Quality access to parks and recreation in a community has a demonstrable effect on economic growth. This proposal would bring outdoor recreational opportunities to this underserved population and increase park access equity. This project will provide increased access to Parks and Recreation facilities for our residents, promote tourism and recreation and lead to increased facility usage.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	o This proposed project will reduce the gap in field availability, the amenity which is most heavily lacking for the City of Reno. Ward 4, in particular, currently lack parks with specialized amenities. Phase III of Dorothy McAlinden/Mayor's Park involves the implementation of a master plan and expansion of park features. Specifically, the project outlines the addition of flat fields to increase availability for local youth sports leagues. Quality access to parks and recreation in a community ha

Project Name: Oxbow Park

Project Identification Number	22201
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Not Started
Adopted Budget	$70,000.00
Total Cumulative Obligations	$70,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Parks played an essential role to the community during the pandemic, and maintaining parks close to residents is essential for long term public health and reducing the impacts of COVID-19. This program involves several improvements to Oxbow Park including the Installation of a camera security system at the front of the park, an upgrade of picnic tables to ADA accessible models, and investments in vegetation management of 3.45 acres of the park and

	along the Schiappacasse path. This project also includes a purchase of a skid steer mulching attachment to allow Parks staff to continue vegetation removal upkeep.

Project Name: Biggest Little Business Partnership

Project Identification Number	60106
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	$65,000.00
Total Cumulative Obligations	$65,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Small businesses took a major hit during the pandemic causing many to close or downsize. The Biggest Little Business Partnership (BLBP) is a partnership started by Councilmember Devon Reese aimed at helping to revitalize Reno's small business community. This program is designed to assist existing small businesses by waiving business license renewal fees. The BLBP aims to help promote and help grow small businesses within the City of Reno. "Small businesses" are defined as any business within City limits with gross receipts of less than $250,000. Business owners will be eligible to receive the waiver in the month their license will be expiring. Community Liaisons will review applications. When and if approved, Business Licensing will be notified and a credit will be added to the business’s account. Fees will be waived the month of your license expiration.

Project Name: Community Relief with 2nd Baptist Church Community Development Corporation

Project Identification Number	60103
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Not Started
Adopted Budget	$25,000.00
Total Cumulative Obligations	$25,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
	In conjunction with the 2nd Baptist Church Community Development Corp (CDC), this project will help address the growing disparities for residents in Reno experiencing increased hardship due to the onset of the COVID-19 public health emergency impact on their housing, health care, and educational services. The COVID-19 pandemic has added

Project Description	undue burdens on at-risk communities; by being able to rapidly mobilize resources and help residents understand and navigate system needs, our hardest-hit or historically underserved communities can receive a broader understanding of and engagement with the interconnectedness of housing and the social determinants of health through City of Reno-sponsored aid including: • Emergency housing assistance or support • Programs or services to support long-term housing security • Support for prevention and mitigation strategies in collaboration with other small businesses and nonprofits • Technical assistance, counseling, or other services to support financial planning and hardship • Vaccination program, including vaccine incentives and vaccine site transportation for residents with diagnosis and undiagnosed mental and behavioral health needs • Transportation to reach vaccination or testing sites or other prevention and mitigation services for vulnerable populations • Emergency medical response expenses or unreimbursed expenses for medical care for COVID-19 testing or treatment

Project Name: Landscape Revitalization in Public Spaces

Project Identification Number	60304
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Not Started
Adopted Budget	$30,000.00
Total Cumulative Obligations	$30,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The pandemic has impacted the City of Reno's ability to maintain certain properties, and unkempt properties can pose a safety risk to the surrounding neighborhoods. This project will be a landscape revitalization of City of Reno properties in the North Valleys; specifically for grading and irrigation on the corner of Beckwourth Drive and Golden Valley Road in the North Valleys, parcel APN:088-201-46 and 088-201-47. Alice Smith Elementary School is across the street and has 734 students enrolled; many of these students walk through the neighborhood and having a hazardous property poses a risk to them and other pedestrians in the area. By grading and irrigating the space, the City of Reno is improving the safety The long term goal for this parcel is to provide landscaping and walking paths so it can be utilized as an outdoor space for the community.

Project Name: Increased Access to Micromobility with Reno Bike Project

Project Identification Number	60203
Project Expenditure Category	6-Revenue Replacement

Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Not Started
Adopted Budget	$5,000.00
Total Cumulative Obligations	$5,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The global pandemic caused by COVID-19, now entering its third year, continues to fundamentally disrupt local nonprofit and small business operations and impact financial stability. The $5,000 will go to providing subsidized bikes by appointment for our Biggest Little Commuter Program, aimed at assisting low-income commuters with reliable, affordable transportation, and donate kid's bikes to local charitable organizations.

Project Name: Somersett Dog Park ADA Benches

Project Identification Number	60305
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	$10,000.00
Total Cumulative Obligations	$10,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The pandemic showed us how important access to dedicated outdoor spaces are throughout Reno, including city parks. There are currently no benches or stable ground in the Somersett West Dog Park which limits the people who have access to that space. The project will invest in ADA accessible benches (which will be in conjunction with other improvements outside of ARPA).

Project Name: Reno Brewery District Coalition Revitalization

Project Identification Number	60205
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	$6,500.00
Total Cumulative Obligations	$6,500.00
Total Cumulative Expenditures	$3,869.00
Current Period Obligations	$0.00

Current Period Expenditures	$3,869.00
Project Description	The historic neighborhood known as the Brewery District is home to a growing number of creative, delicious, and industrious locally-owned businesses. Yet, many in our community are unaware of this transformation and remain timid to visit this part of Reno. In addition, due to COVID-19, the small businesses in the district were impacted by mandated closures, social distancing, and an overall loss to business during this time. To help support the neighborhood's revitalization and make it more comfortable for everyone in the Reno Community, this project will redesign and expand the number of lamp pole banners that showcase the name and spirit of the neighborhood to increase local business and expand the local economy.

Project Name: Spanish Communications, Community Engagement, and Events

Project Identification Number	60204
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Not Started
Adopted Budget	$30,000.00
Total Cumulative Obligations	$30,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	According to 2020 census data, individuals identifying at Latino/Hispanic comprises 33.6% of the population of Ward 4. Coordinating and/or providing City of Reno-sponsored Spanish communications, community engagement, and social services that benefit the historically underserved Latino community in Ward 4 would bridge language barriers and make services more accessible. This project consists of Spanish communication by audio, visual or print, resource fairs, community events, and supporting other local efforts to bring social services to the Latino community in Ward 4.

Project Name: Senior Community Communications, Community Engagement, and Events

Project Identification Number	60104
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Not Started
Adopted Budget	$10,000.00
Total Cumulative Obligations	$10,000.00
Total Cumulative Expenditures	$0.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
	Seniors have been disproportionately isolated and impacted

Project Description	by the pandemic. This project will provide funding for coordinating and/or providing communications, community engagement and events that benefit the senior community in Ward 4 by providing information and opportunities to gather in a safe way that is geographically accessible.

Project Name: Retention and Recruitment for Homeless Shelter Staff

Project Identification Number	40201
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.2-Private Sector: Grants to other employers
Status To Completion	Completed
Adopted Budget	$488,569.53
Total Cumulative Obligations	$488,569.53
Total Cumulative Expenditures	$488,569.53
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The COVID-19 pandemic's impacts have gone beyond traditional healthcare and public health response. Supporting the unsheltered population through a pandemic has presented many challenges, including the ability to retain and recruit staff to support critical shelter operations. There has been a 42 percent turnover rate at the CARES Campus, the region's primary low-barrier shelter, the last 12 months due to attrition and an inability to recruit effectively based on pay and the requirements of the job. The positions include outreach, housekeepers, case managers, and other support staff. ARPA identified a funding category to support essential workers by providing premium pay incentives for people working directly and in close physical contact with the community. This pay is only eligible for people earning 150 percent of the average annual salary in Washoe County. Based on the most recent data from the United States Bureau of Labor Statistics, that amounts to $77,235 annually. This pay can provide up to $13.00 an hour on top of current salary or $25,000 total additional pay a year. All positions receiving the premium pay option qualify under these requirements. The following premium pay structure has been developed to improve retention and support significant recruitment efforts related to sheltering operations. This program expired on December 31, 2021.
Sectors Designated as Essential Critical Infrastructure Sectors	N/A - project completed on December 31, 2021. No data was collected as the requirement did not begin until January 2022 (after project completion).
Number of workers to be served	12
Premium Pay Narrative	N/A - project completed on December 31, 2021. No data was collected as the requirement did not begin until January 2022 (after project completion).
Number of workers to be served with premium pay in K-12 schools	0

Project Name: City COVID-19 Coordinator

Project Identification Number	10901
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	3.1-Public Sector Workforce: Payroll and Benefits for Public Health, Public Safety, or Human Services Workers
Status To Completion	Completed
Adopted Budget	$59,626.14
Total Cumulative Obligations	$59,626.14
Total Cumulative Expenditures	$59,626.14
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	This project extends the contract for the City's EMS COVID coordinator position through June 30, 2022. This position has been instrumental in assisting the City with the necessary testing, contact tracing, compliance, mitigation, and response duties as it relates to the COVID-19 pandemic. Through the coordination and management efforts provided by the coordinator, the City provided 10,400 vaccinations and more than 500 tests to City personnel and our community. Responsibilities of the position include: Assisting with developing the City's infectious disease (i.e. COVID-19 and influenza) strategies; Coordinating and managing all ongoing vaccination POD (COVID and influenza) activities for City employees and the community; Managing all ongoing COVID-19 testing; Acting as the City's infectious disease liaison with regional and state partners; and Assisting City leadership with ongoing mitigation efforts. Furthermore, the coordinator is the point of contact for all federal and state agencies requesting access to or the collection of clean, valid, reliable, and timely data as it relates to vaccination, testing, training, and emergency medical services. The position ensures the data collected in the context of field visits and potential exposures are evaluated for attributes such as quality, definitions, timeliness, completeness, simplicity, generalizability, validity, and reliability.
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The City of Reno provides critical resources to the community through many different departments. COVID-19 has created staffing challenges that are mitigated by creative staffing models as well as continuous access to testing, vaccines and up to date COVID guidance.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Across the country first responders were impacted due to the COVID pandemic and that was no different for the City of Reno. COVID isolation and quarantines made staffing extremely difficult requiring overtime staffing. The COVID Coordinator is responsible for contact tracing throughout the department to help stop the spread and keep our firefighters safe.
Number of government FTEs responding to COVID-19 supported under this authority	1

Project Name: Remote Work Equipment Required for City Staff Telework

Project Identification Number	10402
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.4-Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, Child care facilities, etc.)
Status To Completion	Completed
Adopted Budget	$337,935.32
Total Cumulative Obligations	$337,935.32
Total Cumulative Expenditures	$337,935.32
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	There are many advantages to having a telework program in place for government agencies including improved employee performance and engagement, efficiency, and collaboration with interdisciplinary teams. In addition, telework options provide a contingency plan for multiple events such as severe weather and pandemics. This project is to build a robust remote work program for City of Reno employees to work from home when needed/warranted to ensure the health and safety of our workforce and public. Funds will be used to purchase laptop computers and associated equipment/software required to allow for a full work from home program.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	13 Imp Industry outside the travel tourism or hospitality sectors specify
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The objective of the program is to procure the necessary equipment/software needed to allow municipal government employees to promote social distancing, comply with state mandates, and reduce the spread of COVID-19 by teleworking.
Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The project supports the funding objective of "support urgent COVID 19 response efforts" by creating solutions that answer the sudden need to work from home and allow the municipal government to provide necessary citizen services with the least amount of interruption while promoting the effective public health approach of social distancing, and therefore, limiting exposure to COVID-19.

Project Name: Wastewater Surveillance of COVID-19 Disease Prevalence for Early Detection

Project Identification Number	10301
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.3-COVID-19 Contact Tracing

Status To Completion	Completed 50% or more
Adopted Budget	$504,258.66
Total Cumulative Obligations	$504,258.66
Total Cumulative Expenditures	$504,258.66
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The City of Reno, in collaboration with neighboring agencies, City of Sparks and Washoe County, will fund monitoring and environmental surveillance efforts performed by the University of Nevada, Reno at the Truckee Meadows Water Reclamation Facility (TMWRF) to determine the extent of the presence of SARS-COV2 marker in wastewater. The objective of this project is to further determine the presence of COVID-19, including variants, and to develop effective modeling tools to predict trends in the local community. The research team from the Nevada Water Innovation Institute (NWII) at the University of Nevada, Reno has previously developed a comprehensive strategy to monitor wastewater for early outbreak detection and monitoring of COVID-19 disease prevalence. The project aims to continue COVID-19 monitoring through wastewater surveillance of SARS-CoV-2 levels with increased granularity and improved methods, focus on variants of concern detection, and developing effective modeling tools to predict trends in community prevalence. Co-occurrence of other pathogens including viruses and bacteria that have implications for COVID-19 will be monitored.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The City of Reno, in collaboration with neighboring agencies, City of Sparks and Washoe County, will monitor and surveil environmental efforts performed by the University of Nevada, Reno at the Truckee Meadows Water Reclamation Facility to determine the extent of the presence of SARS-COV2 marker in wastewater. The objective of this project is to further determine the presence of COVID-19, including variants, and to develop effective modeling tools to predict trends in the local community.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The project is able to demonstrate that it is possible that wastewater surveillance can be a useful tool to track variants of concern using RNA sequencing of the viral fragments recovered from wastewater. The cornerstone of all future monitoring and wastewater surveillance will be to coordinate with health authorities and sponsors to disseminate information rapidly for actionable pandemic management for public health protection.

Project Name: Hybrid Meeting Technology

Project Identification Number	10401
Project Expenditure Category	1-Public Health
	1.4-Prevention in Congregate Settings (Nursing Homes,

Project Expenditure Subcategory	Prisons/Jails, Dense Work Sites, Schools, Child care facilities, etc.)
Status To Completion	Completed 50% or more
Adopted Budget	$200,000.00
Total Cumulative Obligations	$200,000.00
Total Cumulative Expenditures	$123,067.24
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	This project focuses on implementing a hybrid meeting solution that allows the City’s boards and commissions to conduct meetings safely in a physical location while also allowing participation of members and the community through an online audio and video connection. The project will be conducted in phases and allow for development of more immediate solutions while simultaneously implementing more complex and flexible options that can be sustained in the future commissions.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	13 Imp Industry outside the travel tourism or hospitality sectors specify
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The objective of the program is to design, procure, and set up the equipment needed to conduct live stream/hybrid meetings during the pandemic to promote social distancing, comply with state mandates, and reduce the spread of COVID-19. The program provides upgraded to conference rooms and council chambers, and creates a meeting-in-a-box solution to conduct hybrid meetings outside of City Hall.
Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The project supports the funding objective of "support urgent COVID 19 response efforts" by creating solutions that allow the municipal government to provide necessary citizen services with the least amount of interruption while promoting the effective public health approach of social distancing, and therefore, limiting exposure.

Report

Revenue Replacement

Is your jurisdiction electing to use the standard allowance of up to $10 million, not to exceed your total award allocation, for identifying revenue loss?	Yes
Revenue Loss Due to Covid-19 Public Health Emergency	$10,000,000.00
Were Fiscal Recovery Funds used to make a deposit into a pension fund?	No
Please provide an explanation of how revenue replacement funds were allocated to government services	The City of Reno has dedicated funds for The City Council budget that are used to focus on services delivered to the residents of Reno through programs. The City of Reno has elected to use the standard allowance and has identified many projects that will provide government services. These projects include: At-Large Allocation – Biggest Little Business Partnership Ward 1 Allocation – Oxbow Park Rehabilitation Ward 3 Allocation - Community Relief with 2nd Baptist Church Community Development Corporation Ward 3 Allocation – Increased Access to Micromobility with Reno Bike Project Ward 4 Allocation - Senior Community Communications, Community Engagement, and Events Ward 4 Allocation - Spanish Communications, Community Engagement, and Events Ward 4 Allocation - Landscape Revitalization in Public Spaces Ward 5 Allocation - Downtown Reno Business Improvement District Ward 5 Allocation – Reno Brewery District Coalition Revitalization Ward 5 Allocation- Somersett Dog Park ADA Benches These small projects are making a big impact in Reno; future revenue replacement funds will be spent on additional government services through the period of performance.
