

STATEMENT OF QUALIFICATIONS  
SUBMITTAL FORM  
for

Water Reclamation Facility General Design

This submittal form will be used to provide information for the unranked service category of **WATER RECLAMATION FACILITY GENERAL DESIGN**, which includes, but is not limited to the following areas of expertise: design of treatment facility components to meet process design criteria, with emphasis on coordination of a multitude of engineering specialties (structural, electrical, hydraulic, process, mechanical, control, etc.) required to deliver a complete treatment plant project and design within an existing congested developed site. Also requested is demonstrated experience in plant support during initial startup and break in period for new or expanded facilities.

Firms must perform the majority of the work in this category with in-house staff under direction of a Registered Professional Engineer Licensed in the State of Nevada.

This form must be completed and submitted according to the guidelines set forth in the "Request for Statement of Qualifications". Any manipulation of this form is forbidden and may result in disqualification.

**I. COMPANY INFORMATION**

Company Name

Company Address:

Office location where work for  
this service category will be  
performed.

Primary Contact Person

Title

Phone Number

Fax Number

E-mail
