

CITY OF RENO - CAPITAL PROJECT

Golden Valley Forcemain Replacement Project

City Contract No. I400098B

Contact Information

Reno Project Manager: Randall Rice, PE
 Reno Contact Phone: (775) 326-6619
 Reno Contact Email: RiceRa@Reno.gov
 Public Works Dept: (775) 334-2548
 Design Firm Name: Brown and Caldwell
 Construction Contractor: TBD
 Contractor Phone: TBD

Project Description & Purpose

The project includes design and construction of a new force-main. The new forcemain will be constructed from the Golden Valley Lift Station, run west to Virginia Street, and then run south to terminate at the existing gravity line at Security Circle.

The project improvements will increase both the capacity and function of the force-main. An assessment will be made, near the completion of the new forcemain, on the best use of the existing forcemain. Additionally, odor control services have been initiated to identify areas where inadvertent sewer odors may be improved.

Latest News February 2020

Brown and Caldwell (B&C) was awarded the design and began services in February, 2019.

Design plans are being developed in conjunction with the design report; drawings are anticipated to be completed January, 2020.

The project is anticipated to go to bid in early 2020 and construction is anticipated to begin in spring 2020.

Project Schedule

Design Completion: March 2, 2020
 Advertise: March 16, 2020
 Bid Opening: April 7, 2020
 Council Award: April 22, 2020
 Construction Start: May 4, 2020
 Construction Complete: October 2020

Construction Costs/Funding Sources

Funding Source: Sewer Fund

Engineer's Estimate: \$4,500,000.00

Construction Traffic Control

For current traffic control, please see City of Reno's road closure information at reno.gov.
