 Public Works Dept: 334-2350  
 Design Firm Name: Farr West Engineering  
 Construction Contractor: Aspen Developers Corporation  
 Contractor Phone: 786-3310

### Project Description & Purpose

The removal of water from Swan Lake by pumping and applying the water to American Flat parcels owned by Washoe County resulting in lowering the existing lake elevation.

The project consists of temporary pipeline and a pump to deliver water a distance of approximately four miles with irrigation pivots including temporary power to apply the water to the properties temporarily.

### Latest News February 2020

The construction of the project began late October 2019. The majority of the pipe installation has been completed. The four irrigation pivots have been built with start up and testing remaining.

### Project Schedule

Design Completion: August 16, 2019  
 Advertise: August 21, 2019  
 Bid Opening: September 10, 2019  
 Council Award: Pre-Award on August 6, 2019  
 Construction Start: October 28, 2019  
 Construction Complete: March 2020

### Construction Costs/Funding Sources

Funding Source: Sewer Fund

Bid Award: \$2,365,520.00

### Construction Traffic Control
