SER0117217	Code enforcement concern - 2140 Solider Pass Ct SER0117217	<p>Hello,</p> <p>My name is *Krystal Campos*. I am a tenant requesting a habitability and code enforcement inspection for a rental property located at *2140 Soldier Pass Court, Reno, Nevada*.</p> <p>There was significant water intrusion affecting an upstairs exterior wall of the home. I documented active water leaking from beneath the interior wall, as well as visible water discharging through the exterior stucco. At the time of the intrusion, I also observed what appeared to be a prior patch or repair in the same area of the wall, indicating the issue may not have been isolated or new.</p> <p>After the water intrusion occurred, repairs were performed. I have not re-entered the home since this demolition occurred and will not do so until all safety and habitability concerns are properly addressed and verified.</p> <p>On *today's date*, while briefly stopping by the property only to check mail and *without entering the home*, I observed that what appear to be drainage openings had been made in the exterior stucco and that there was no active water dripping at that time. Check to see if the neighbors have roosters. Well I found out the first morning I woke up in my new home. Pretty fun right?</p> <p>Why is the topic of banning roosters from living in the city limits untouchable for you and the city council?</p> <p>My 2nd Ward 3 rep told me "there is no appetite for this topic" on the city council. 		<p>Please can you and I have a talk about this? I will recount all the efforts I have made so far over the last few years. Including the county, the city, and animal control. This seems like common sense no? A rooster does not live in the city. Sparks does not allow them in the city limits. At one point I was told I should move to Sparks then. All I can get from anyone is the "slippery slope" argument. Afraid we'd want to make a law that restricts their rights. "First they came for my rooster..." I guess is where they are at.</p>

I can't afford to buy my neighbors by paying the HOA fees in a "nice" neighborhood. People who know roosters know that they are noisy every dawn and frequently thru out the day. I believe that you all would find an appetite to write an ordinance on this topic if it was your neighbor with a rooster. after the complaint was closed, they have not been satisfactorily fixed. One of the posts is clearly not seated in concrete. It might hold my weight, but I wouldn't want to have to rely on it. Did anyone actually go look at it before closing my original complaint. I doubt that this "fix" would be up to code. Please look into this again.

Sincerely,

Thelma Pratt

SER0117388	Service Request - Homeless Concerns on Private PropertySER0117388	3 people were camping outside Sinclair gas station, this morning it looks like they have gone through fence at 455 crampton st which is a an old sign company that is privately owned (this address was applying for permit changes last summer). So I believe this is someone's property. And they are now trespassing and potentially squatting in the building or the yard. Can you check this out and ideally have them move on?	427 Crampton St, Reno, NV 89502	Open	Code Enforcement	2026-02-04 07:27:55

SER0117634	Service Request - Zoning Issues with a BusinessSER0117634	I have lived in this unit for nearly 3 months. From day one of being in this unit there has been a whole in my bathroom above my bathtub every time my neighbor upstairs uses the shower it leaks and pours like a waterfall into my bathroom the whole is significant and there's also another hole in the little hallway area outside the bathroom that leaks water as well. I have a lot of cockroaches that seem to come from this whole it's disgusting. At one point a maintenance man came inside and he mudded the area but he did not patch it or fix the actual problem he just put this mud over it that made it fall even worse into my bathtub.
