SER0122831	Service Request - Nuisance, Not Otherwise ListedSER0122831	Neighbor @ 7127 Beacon Drive - Fence falling down so we asked if we could jointly fix. He Jeri-rigged one post -no concrete- and called it good. We ended up replacing whole joint fence ourselves. He has a large above-ground pool with retaining blocks that push against fence. Pool is within1 foot of Property Line, Bricks pushed a fence post off foundation. When we dug hole for new fence post, there was a deep void under the fence apparently where pool water was going. Some bricks next too pool encroach onto our side of property line. Very difficult to replace the fence. Mentioned the pool too close to fence and he was not concerned. He has electrical lights strung along fence next too pool which are on every night. Broken down car in rear yard with a stack of tires against the at right corner to top of fence. Been here 6	7127 Beacon Dr, Reno, NV 89506	Open	Code Enforcement	2026-03-27 12:23:03

SER0123092	Service Request - Nuisance, Not Otherwise ListedSER0123092	Subject Property: 225 Sierra Manor Dr, Reno, NV (APN: 044-381-10) — 2024 commercial build  I am requesting a formal inspection of three commercial-grade area/parking lot light poles (estimated ~25 ft height) installed at the above commercial property. Two poles are situated approximately 9 feet from my residential property line. A third pole is located at a greater distance but is oriented in a manner that causes light to reflect directly into my habitable living spaces.  Concerns under Title 18, Chapter 18.04:  1. Residential Adjacency Buffer (Article 14): The two closest poles, placed only 9 ft from my residential property line, may violate the required landscaped buffer for this commercial-to- residential zoning interface.	211 Black Raven Ct, Reno, NV 89511	Open	Code Enforcement	2026-03-30 20:31:36

		<p>2. Height Transition (Section 18.04.1402): Poles estimated at approximately 25 ft in height at a 9-ft setback may violate height transition standards for commercial development adjacent to a residential zone.</p> <p>3. Exterior Lighting / Light Trespass (Article 13): All three fixtures appear to lack full cut-off shielding and house-side shields. Light from all three poles spills directly into my bedroom and living areas.</p> <p>Given that the 9-foot setback may represent a structural violation of the required residential adjacency buffer for a 2024 project, and that poles exceeding 20 feet in height at this proximity may violate height transition standards, I am requesting that any confirmed violations result in a requirement for structural remediation (including relocation of the poles to</p>

		<p>a code-compliant distance and height) rather than a shielding-only patch, which would not address the underlying setback and height violations. For the third pole, I am requesting installation of full cut-off fixtures with house-side shielding at minimum, and a determination of whether its placement also requires remediation.</p> <p>Supporting Evidence:</p> <p>The following documentation is attached to support this complaint:</p> <ol style="list-style-type: none"> <li>1. Daytime photographs showing the pole base locations and their proximity to my property line (measured at approximately 9 feet).</li> <li>2. Nighttime photographs and video documenting significant glare and light spillover into my interior living spaces.</li> <li>3. Close-up photographs of the light fixtures</li> </ol>

SER0123200	13945 S Virginia - Accessibility IssueSER0123200	<p>Wheelchair curb access at Renown Summit location, 13945 S Virginia St. I think you are failing the handicap community with access to the Summit location. The accessibility is arduous for someone who is semi mobile, let alone someone who is disabled especially if they don't have help. The 2 spaces you required for patient only doesnt have curb access for wheelchairs and walkers. It appears to discriminate against people with movement issues. I feel the City of Reno can do better. We are a senior community and there are many that do not have help to go to the Dr.</p> <p>I was recently there assisting my father and talked with another patient who goes there twice a week, due ti health issues. If there is any weather it is quite tretureous. I wish the City would do more about this location now rather than wait for their lease to run out.</p>		Open	Code Enforcement	2026-03-31 13:56:41
